The Best of Hornets '81

...In tune with the '80's

FIGHT SONG

We are the Hornets, Fighting Hudson Hornets.

No. 1 we're gonna be tonight.

When you see us coming, we'll be wearing

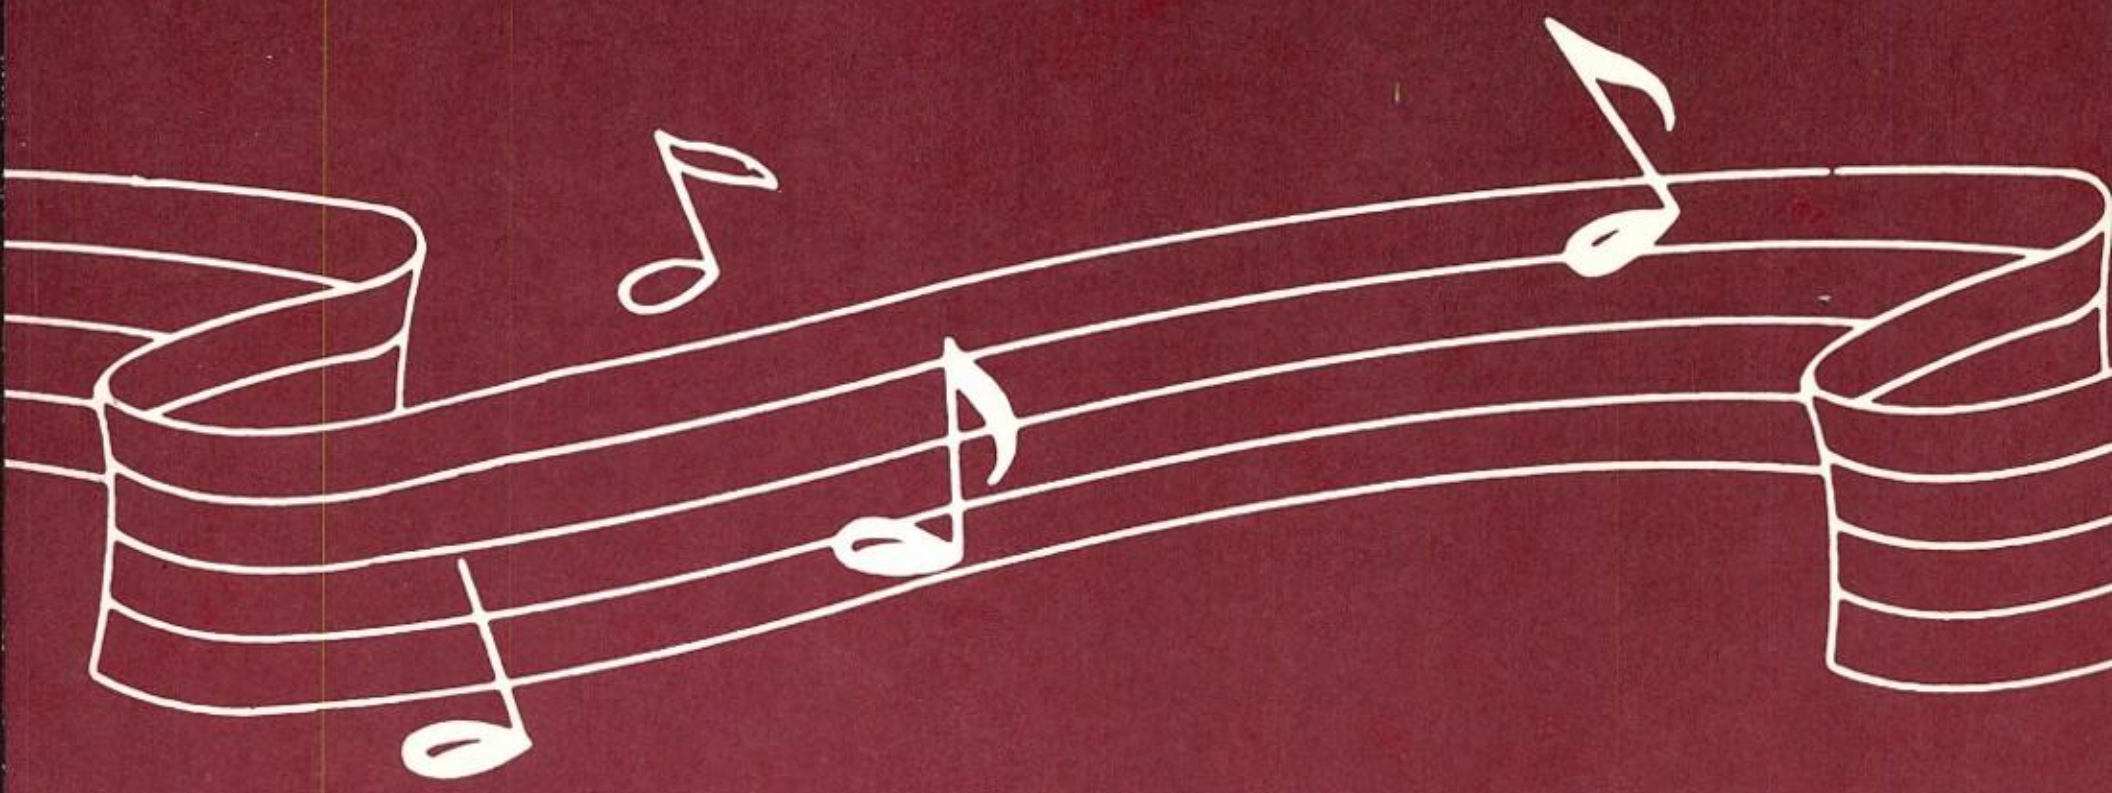
Colors of maroon and white.

And when the sun comes up there'll be a victory.

HHS will always be on top.

So get up and shout, that's what it's all about,

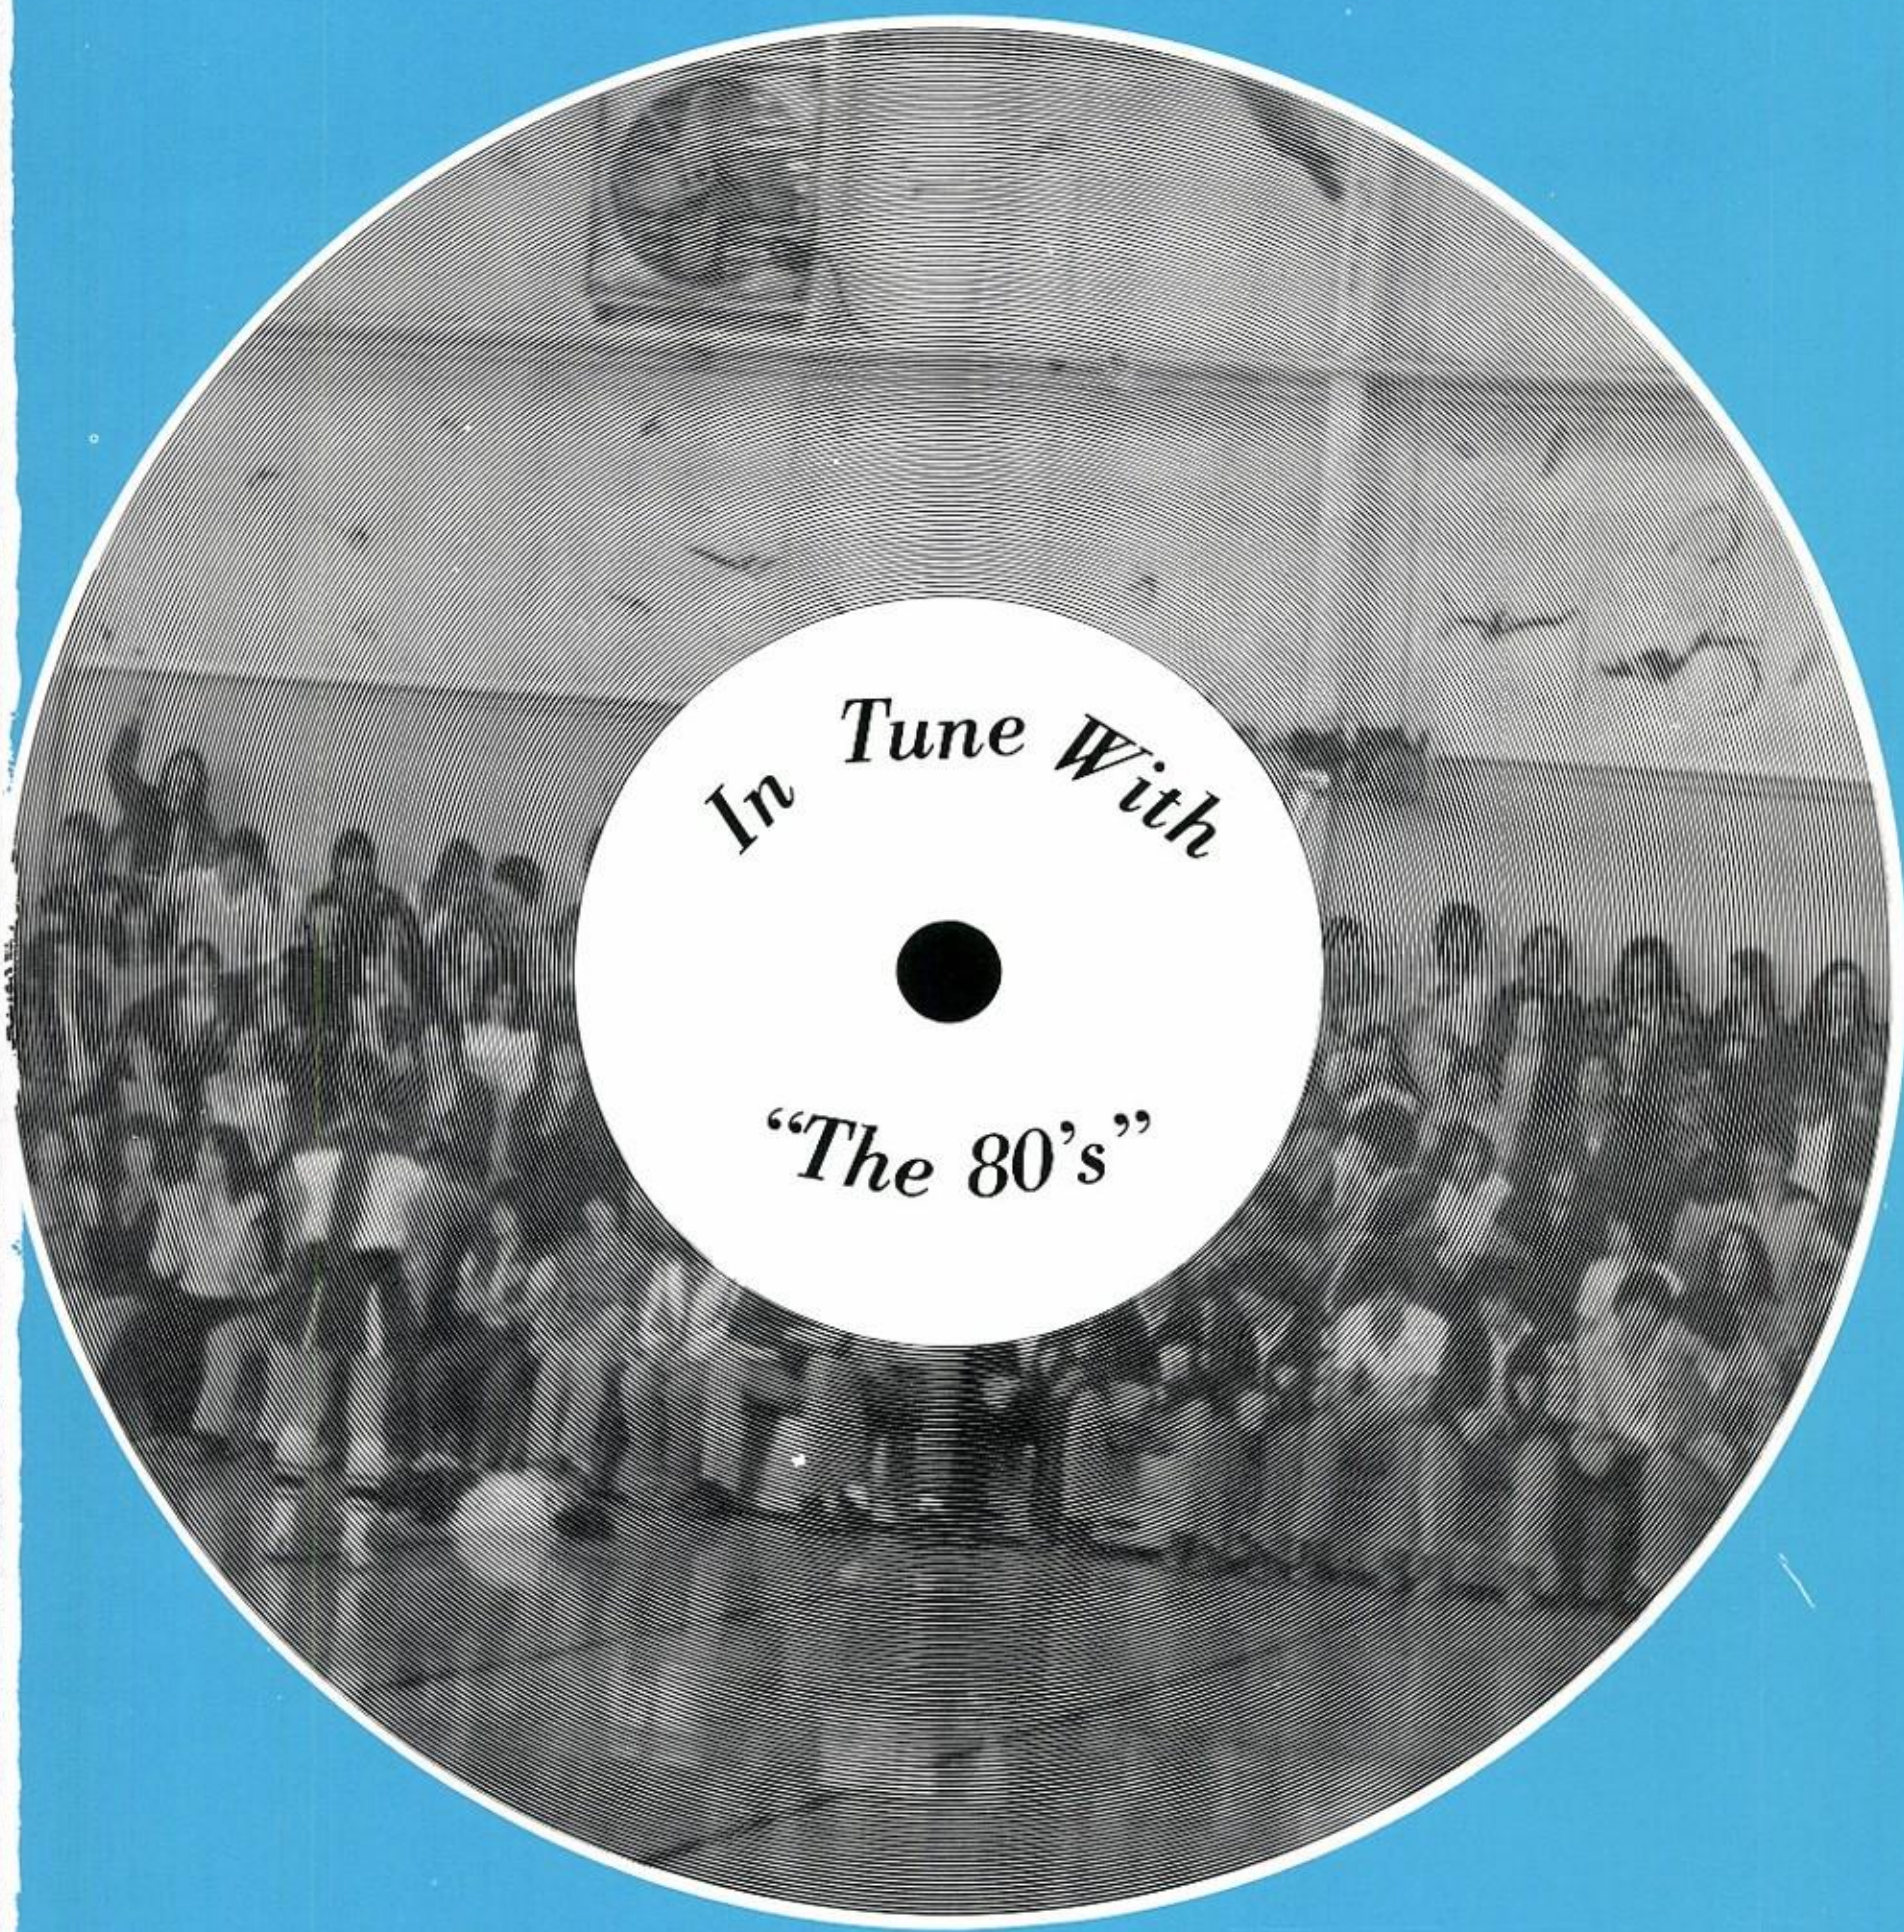
Hornets' gonna win tonight!



SCHOOL SONG

Hudson's the team
That's really on the beam.
We'll stick together
To try to win this game.
We'll fight for pride,
for honor and for fame.
We'll win or lose
We'll always be the same.

HORNET '81
Hudson School



Lufkin, Texas
Volume 33

We present our annual to you with the highest hopes that you will love it. We have all tried to cover the happy experiences through the year, as well as the sad ones. When you open this annual in twenty years, we hope it will help you re-live the greatest time of your life. We hope it will help you remember the games, parties, and other activities that made 1981 a fantastic year. Everyone knows what friends and friendships mean, so I hope we have preserved them well. In spite of the fact that this year was everyone's first year on the staff, we have worked together to accomplish a great work of art "our 1981 annual." We hope that our efforts meet with your approval and that you will find your annual complete in every way.

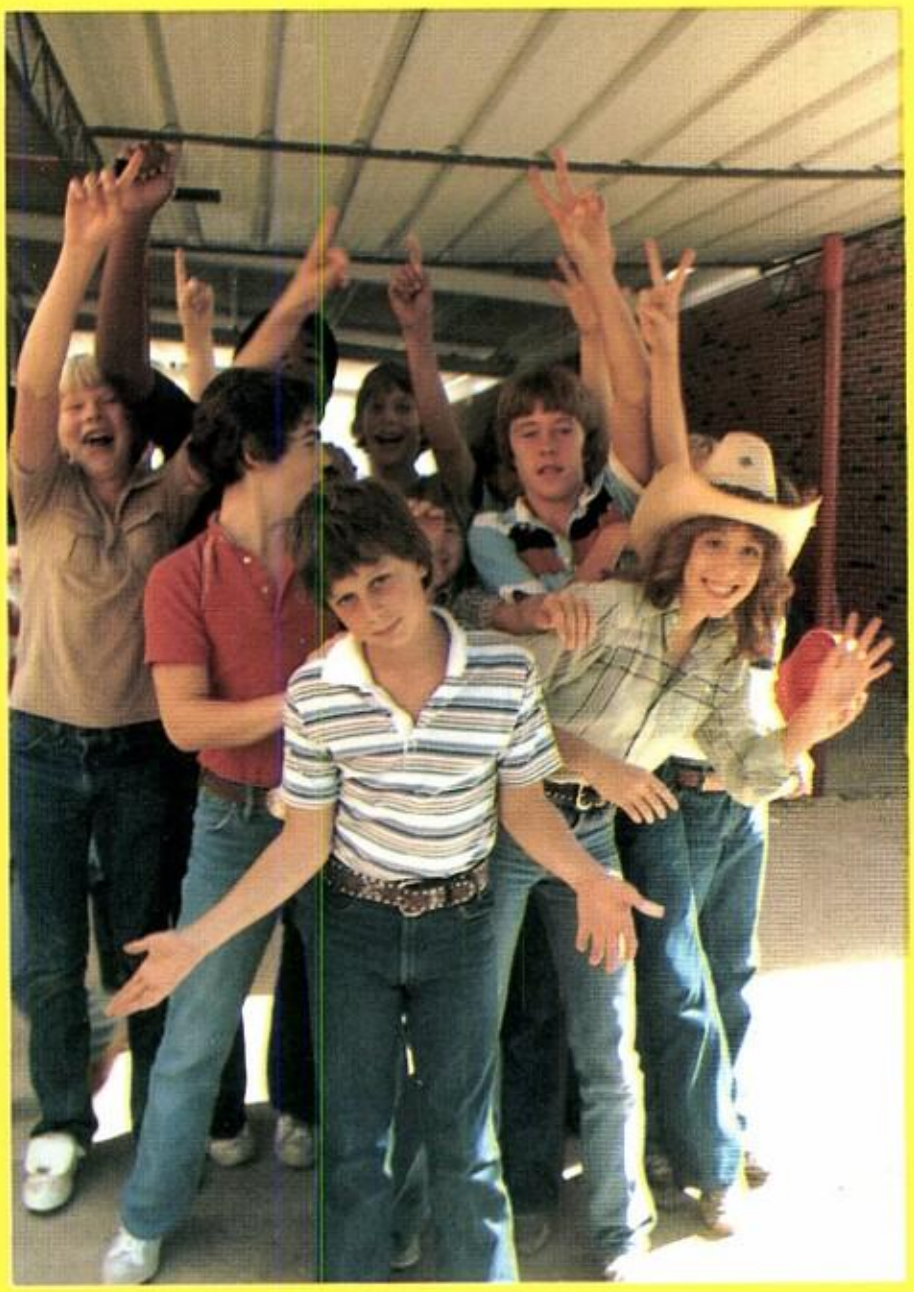
Hornets in tune with the eighties

"Is the world prepared for us?", SRS. 81.

What's mine is mine and what's yours is mine, you got that straight.

"We Love You"

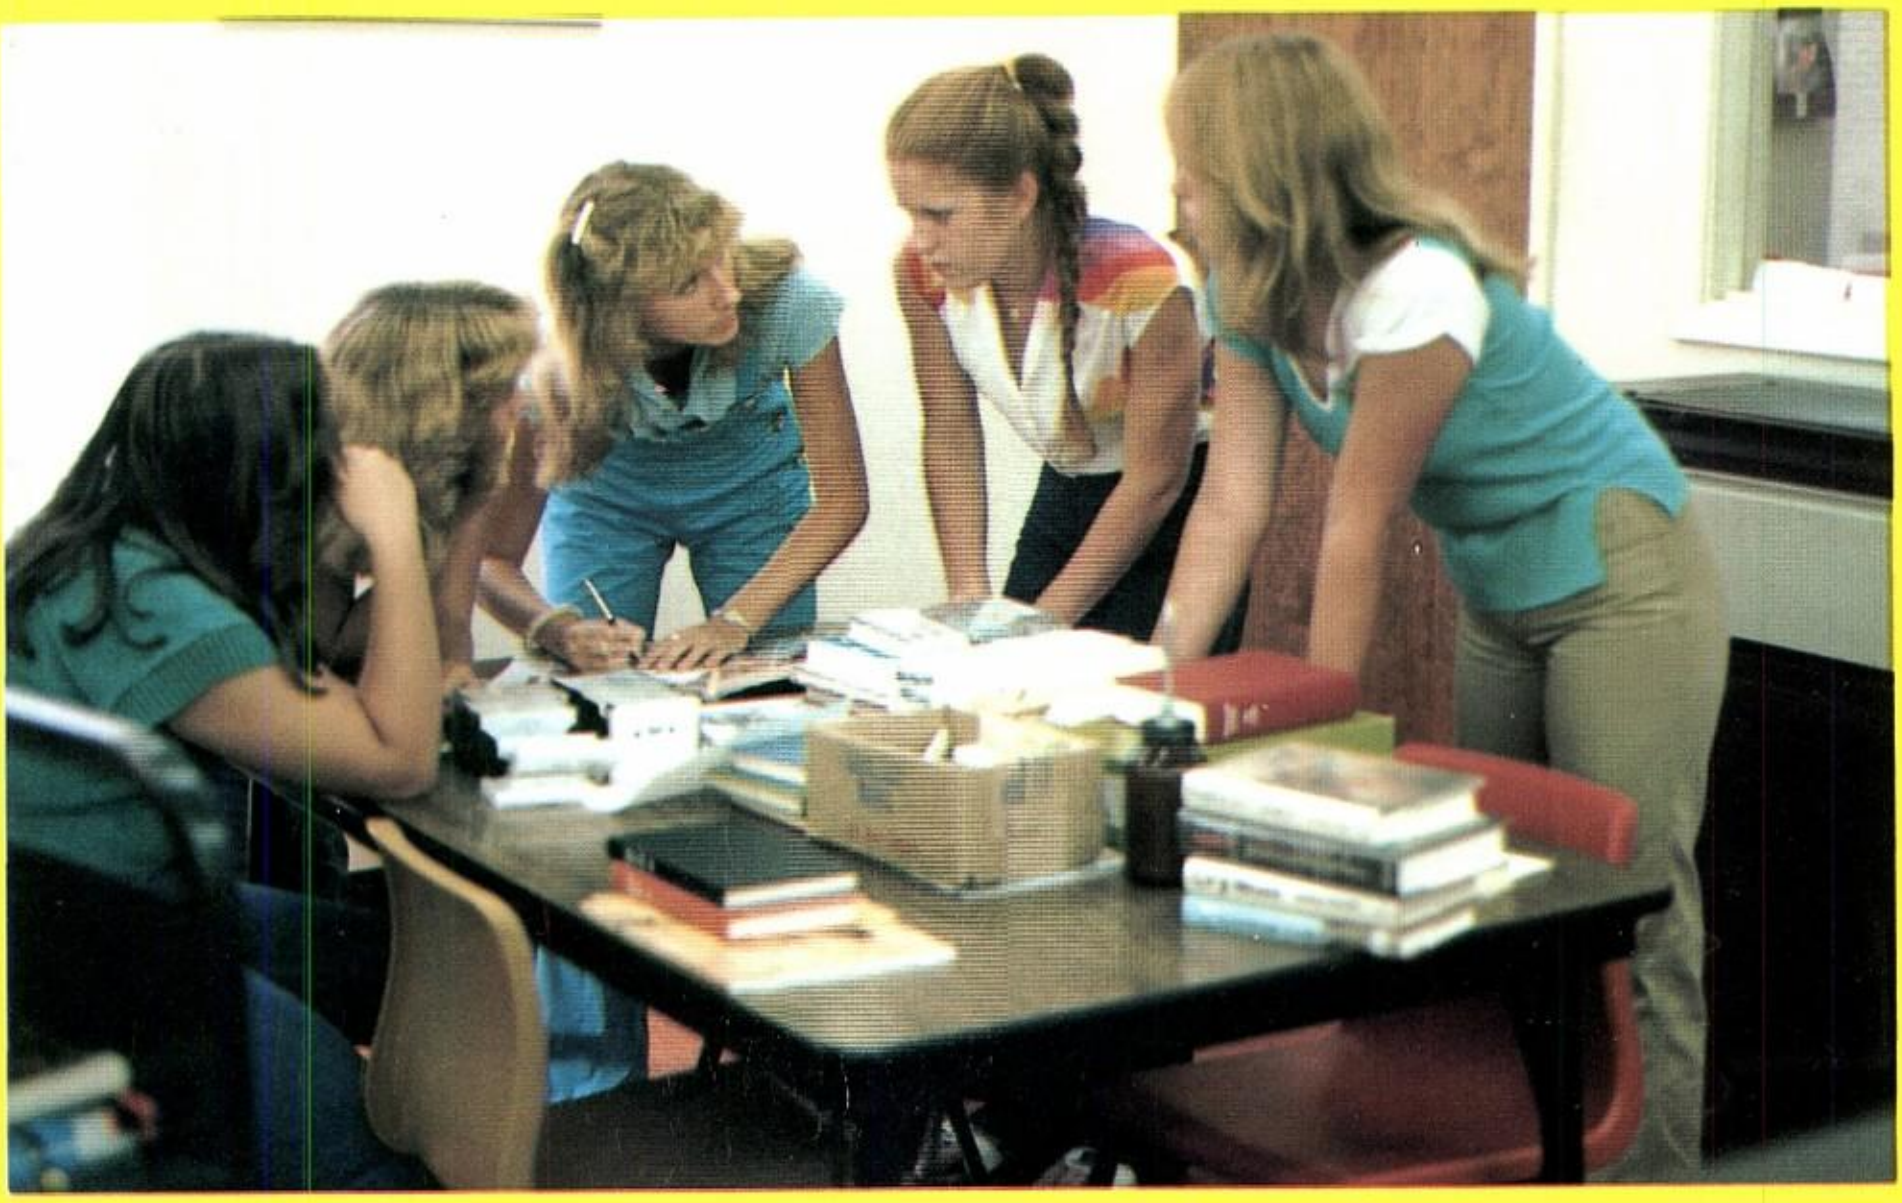
Juniors, making their way to the TOP!!!



And everyone wonders why I act like I do!!!

"Grin and bear it," that is our motto.

Rain, Sleet, or Snow, Mr. Hier's class will know.



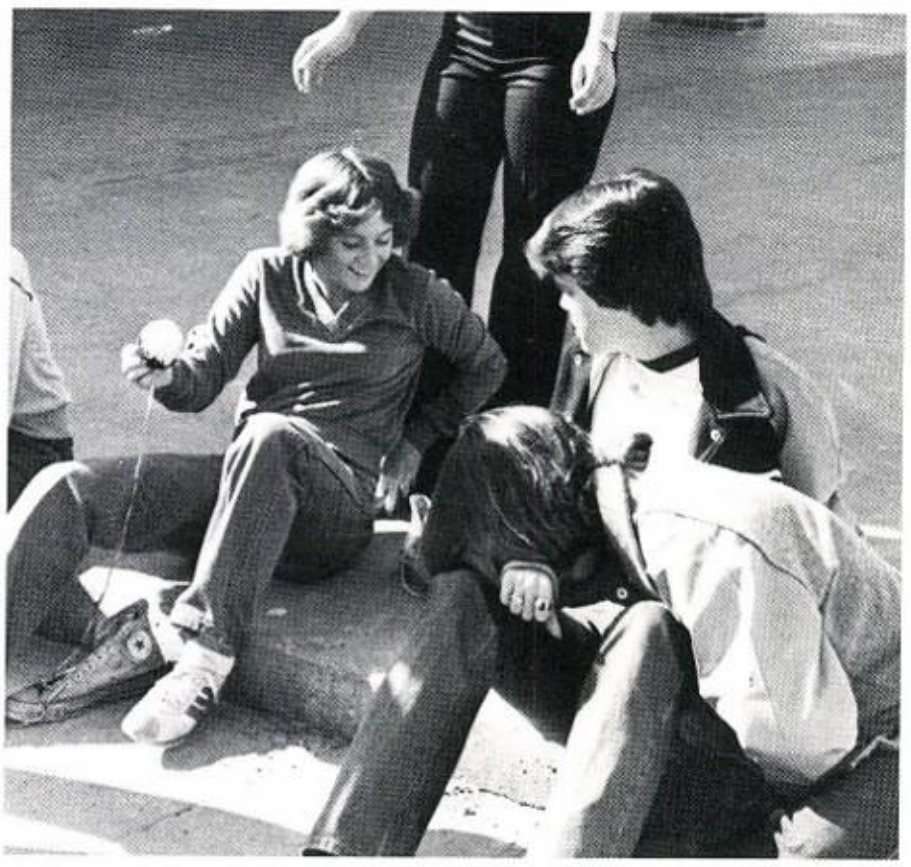
"Does pneumonia start with a "P" or an "N"?," asks Bronwyn Anderson.

Should I . . . shouldn't I?

My buzzard feathers are better than your buzzard feathers!

This class just drains all of my energy.

"Would you guys get a load of that!"



"Becky, sometimes we wonder about you," says John Reynolds and Sheliea Brock.

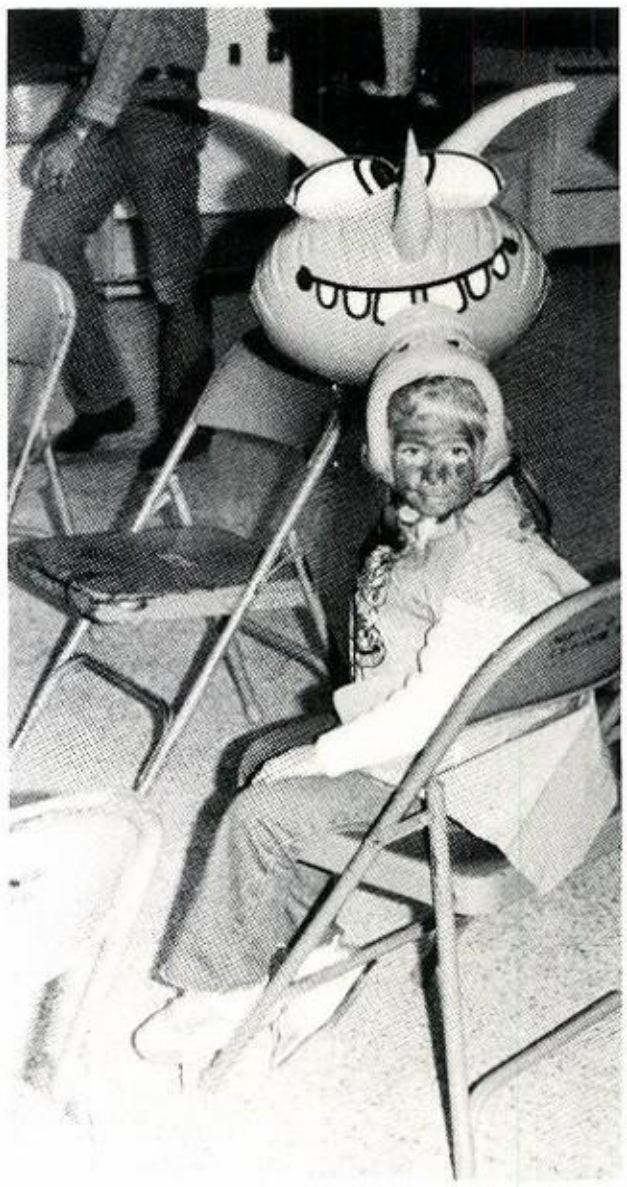
You caught us in the middle of our morning routine.

Oh no, it's stuck . . .

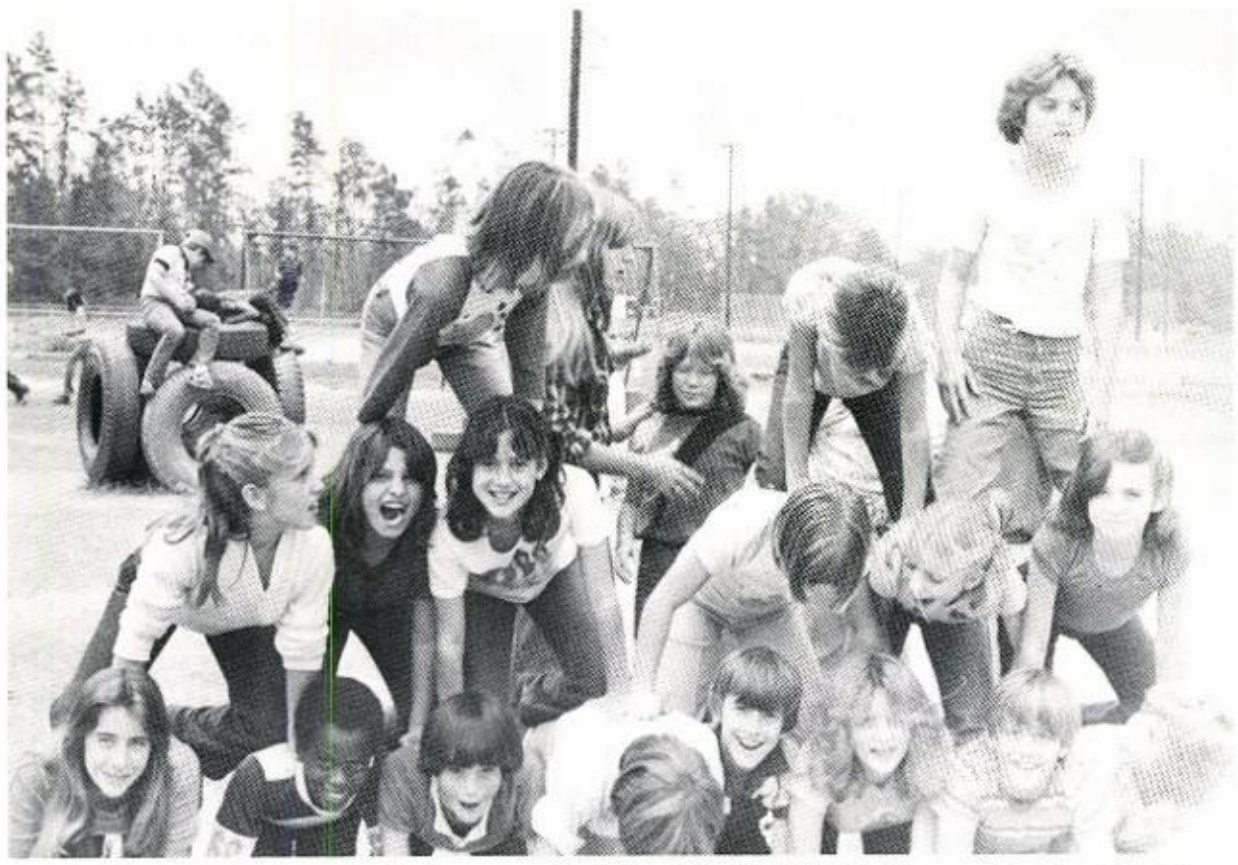
It's Mask Day, and I forgot my mask . . . but don't tell anyone and they'll never know.

Now Bronwyn, just explain that one.

Kiss me, I got the Signal.



Have you seen my Prince Goblin?



These fifth graders are on their way to their last big SMASH before graduating into junior high.

Is this the way you feel on Monday mornings?

Hornets in tune with the eighties

Tonia, holding your breath just isn't going to help.

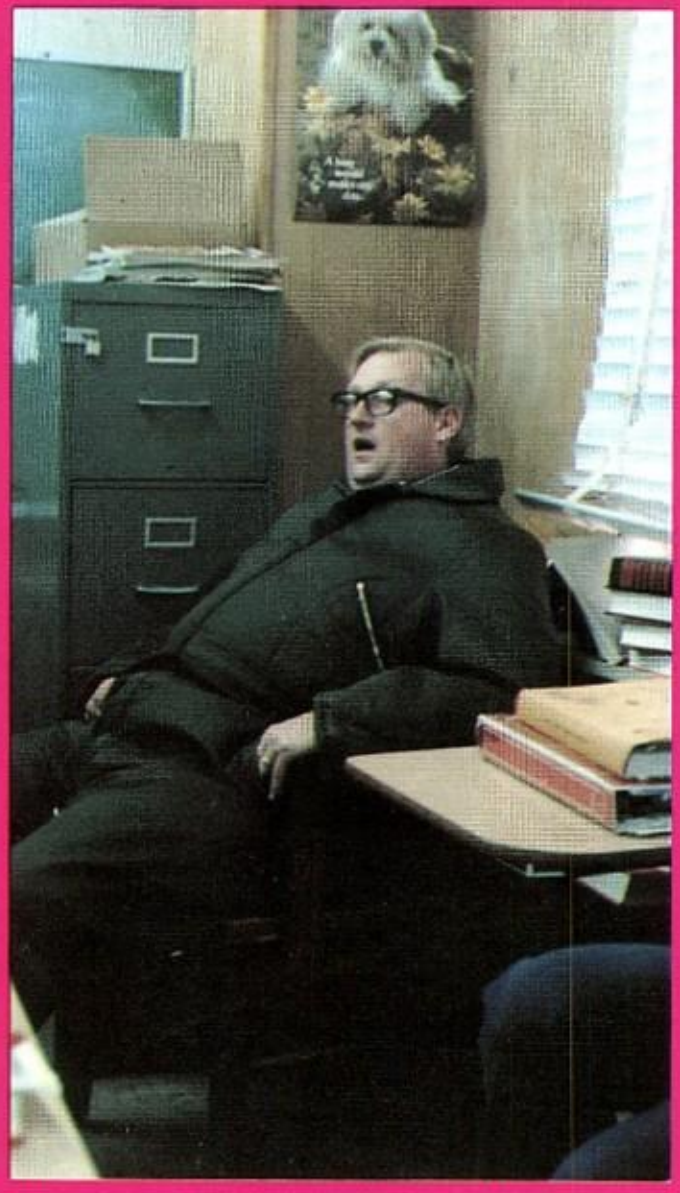
Connie and Lars in the spotlight.

Randi, this is Sophomore territory, do you understand!

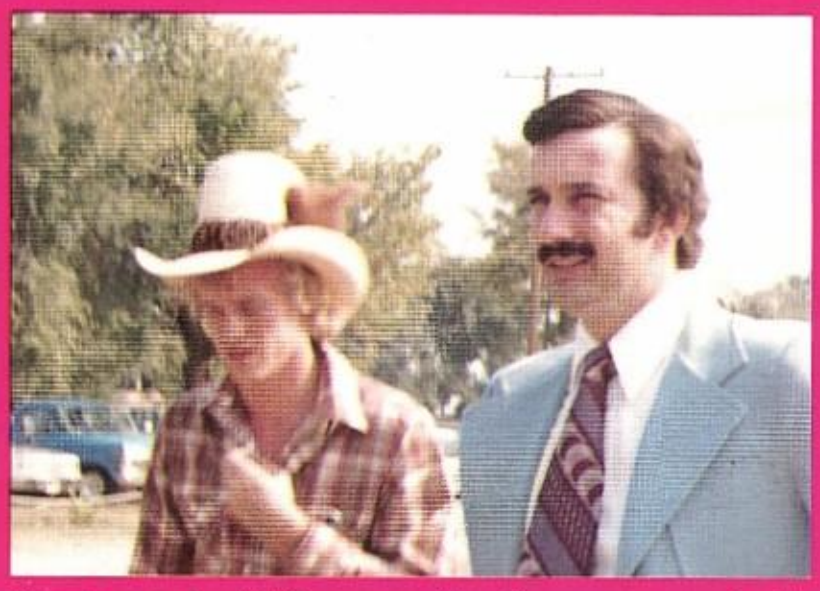
Della, what is that in your hair!

Lynette's laying down on the job again.

"I can fly. I really can, just watch," says Terry.



I'm gonna stay warm no matter how funny I look.



Teacher-student talks are rather frequent around this campus.

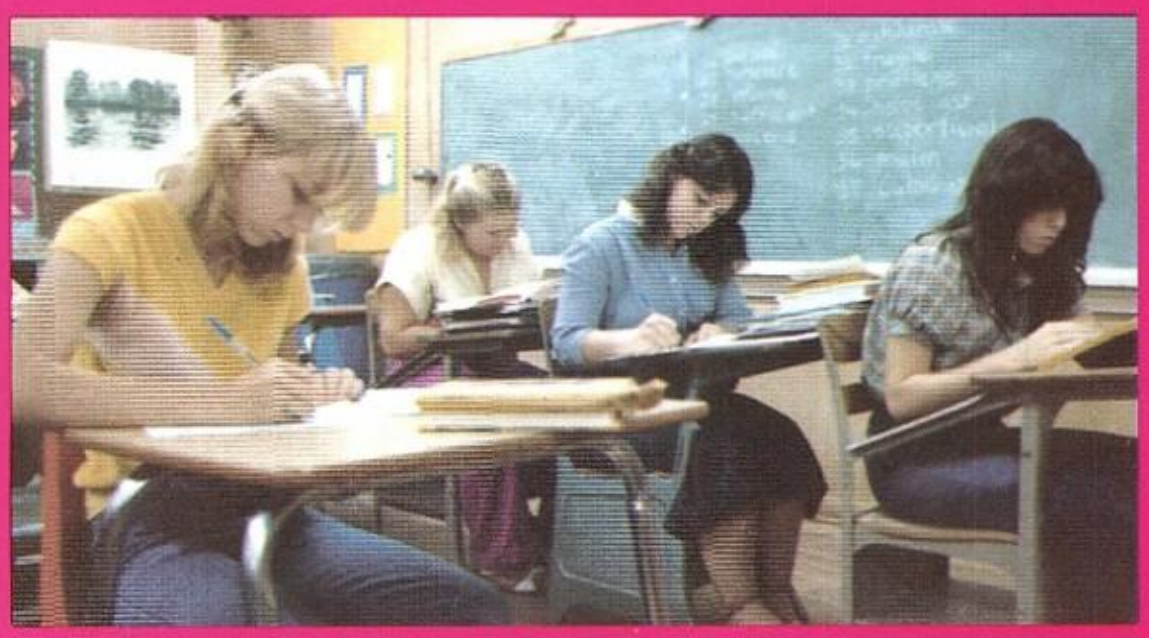
John, even if you are a senior, you gotta keep your clothes on.

Smile, you are loved!

Hey you better watch who you're messing with.

I ate so much I think I'm gonna bust.

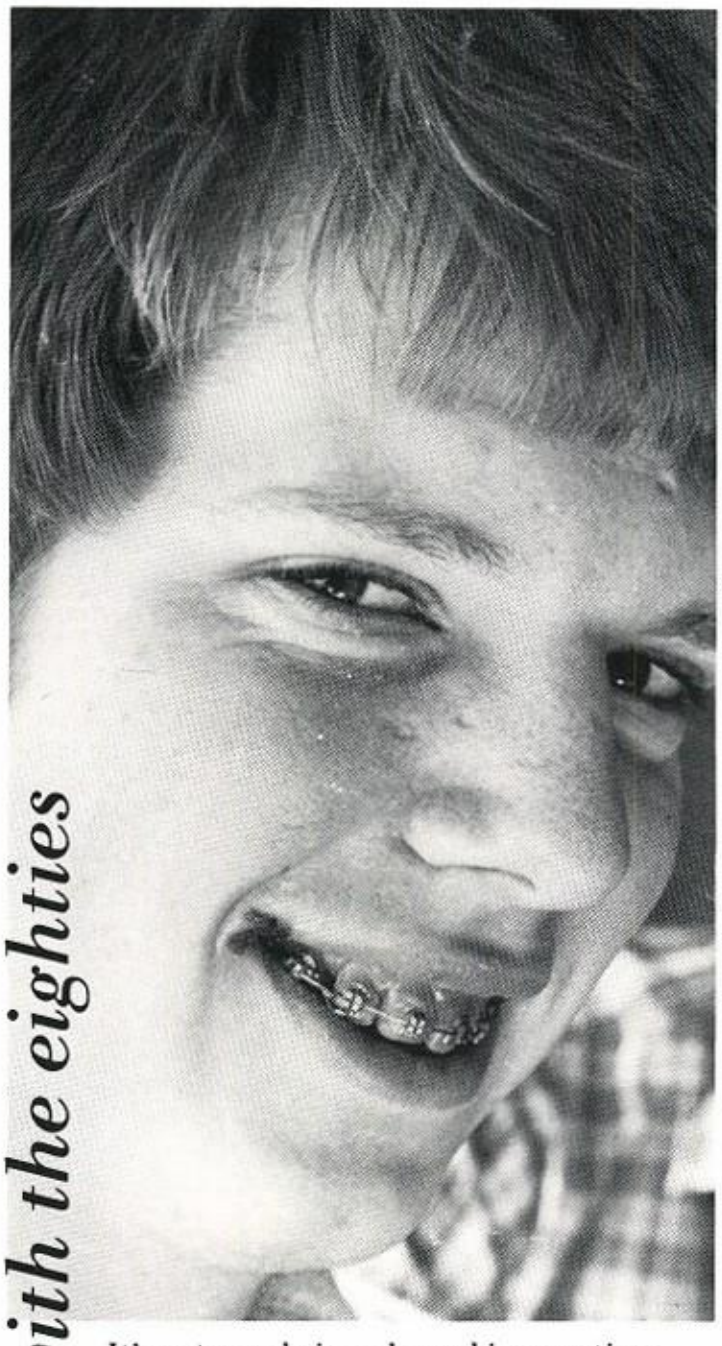
Teah finally finds out what snow looks like.



This just can't be the highlight of today

The Homecoming crowd waits anxiously to see the results.

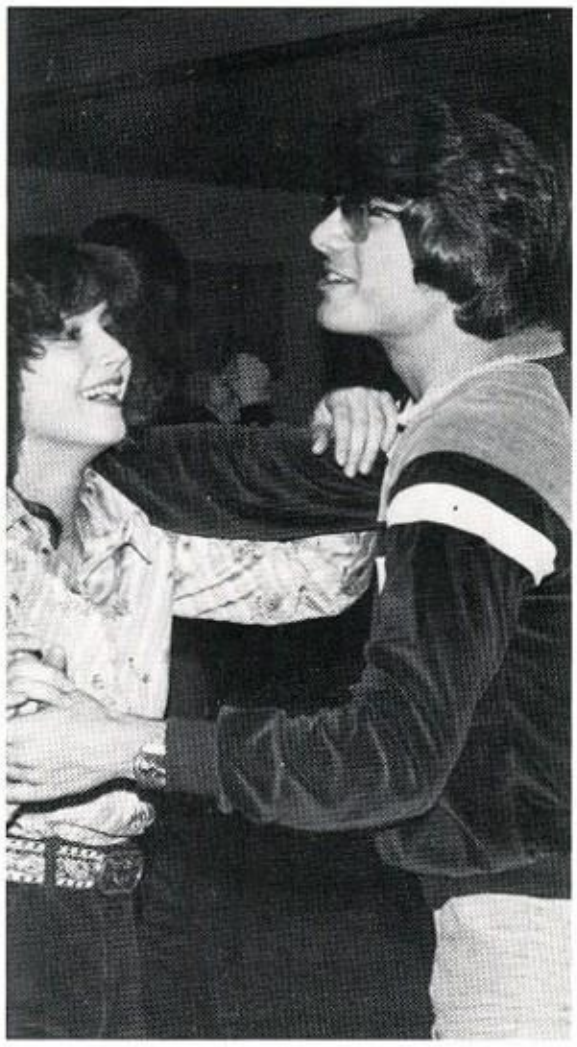
Hornets in tune with the eighties



It's not easy being a legend in your time.

I don't think I'm perfect but you can feel free to disagree.

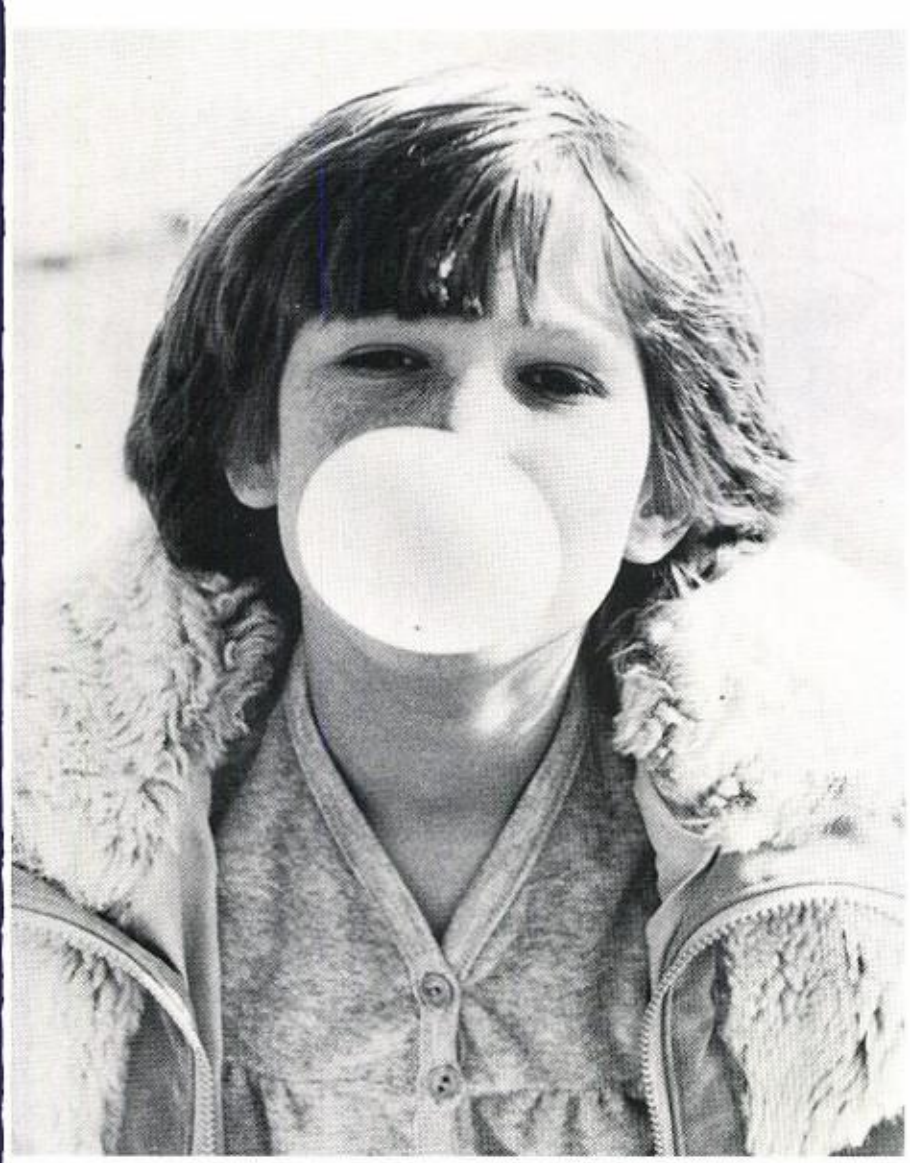
If life's a game of badminton, I'm the birdie.



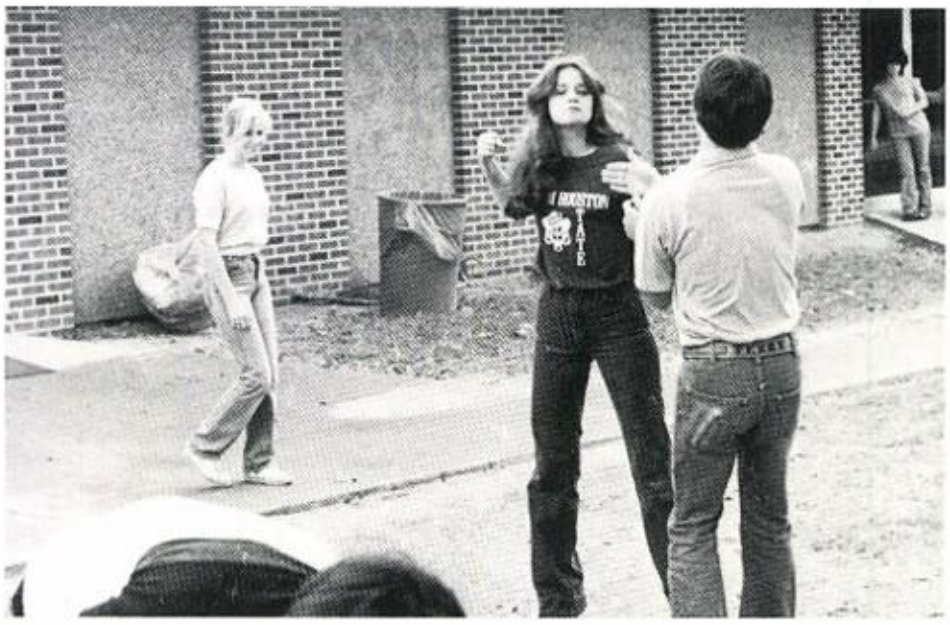
Brothers and Sisters and Friends are people you like, who like you back.

"What do you want from me," cries Cindy Christie.

I always knew there'd be days like this.



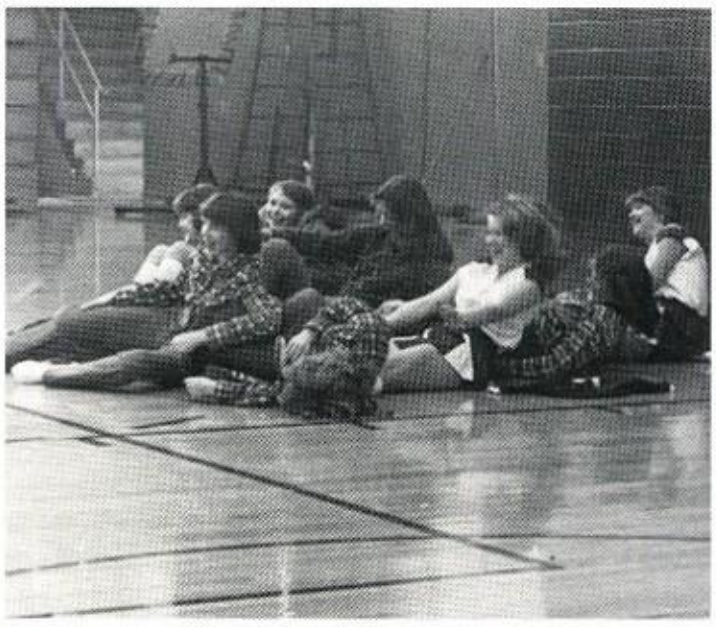
Bubble Breath



This time you met your match Terry Free.

"Nyahh, nyahh, nyahh, You can't hit me."

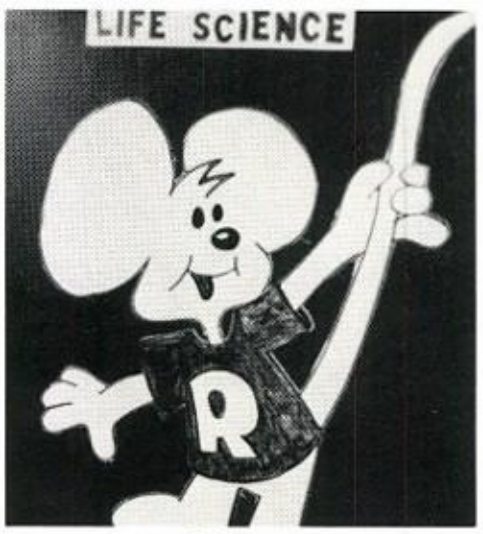
Maybe if I can't see them, they'll go away.



"STRIKE"

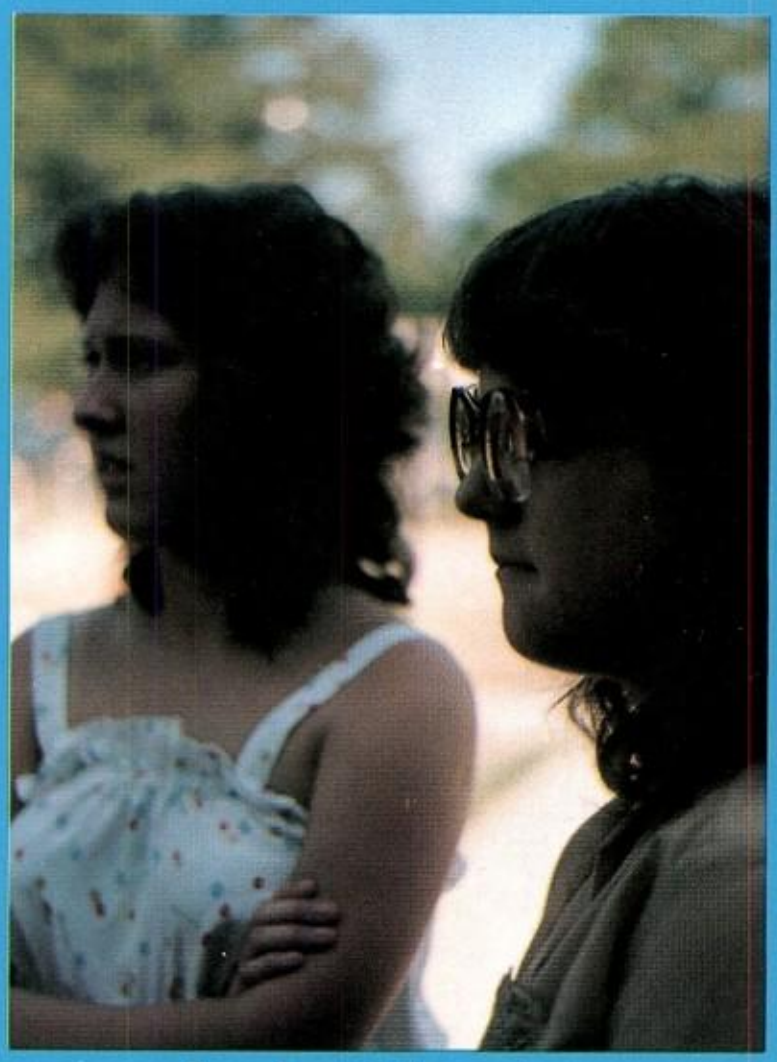
I'd say it's hopeless.

Now this is for the birds folks.



Oh rats.

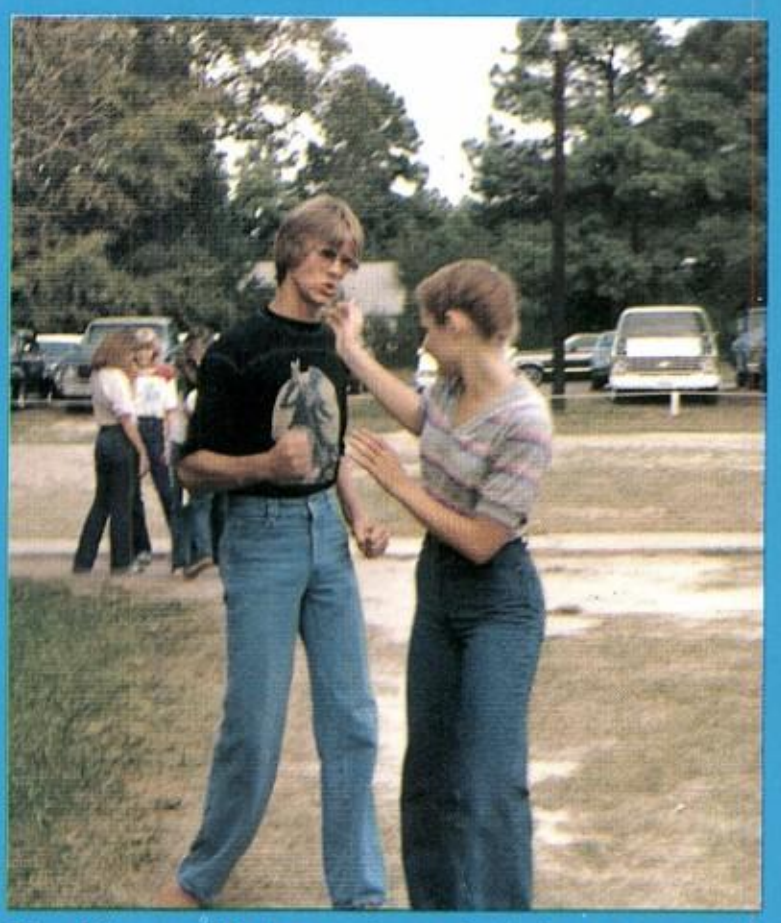
Look Mom, here I am!



Every face tells its own story.

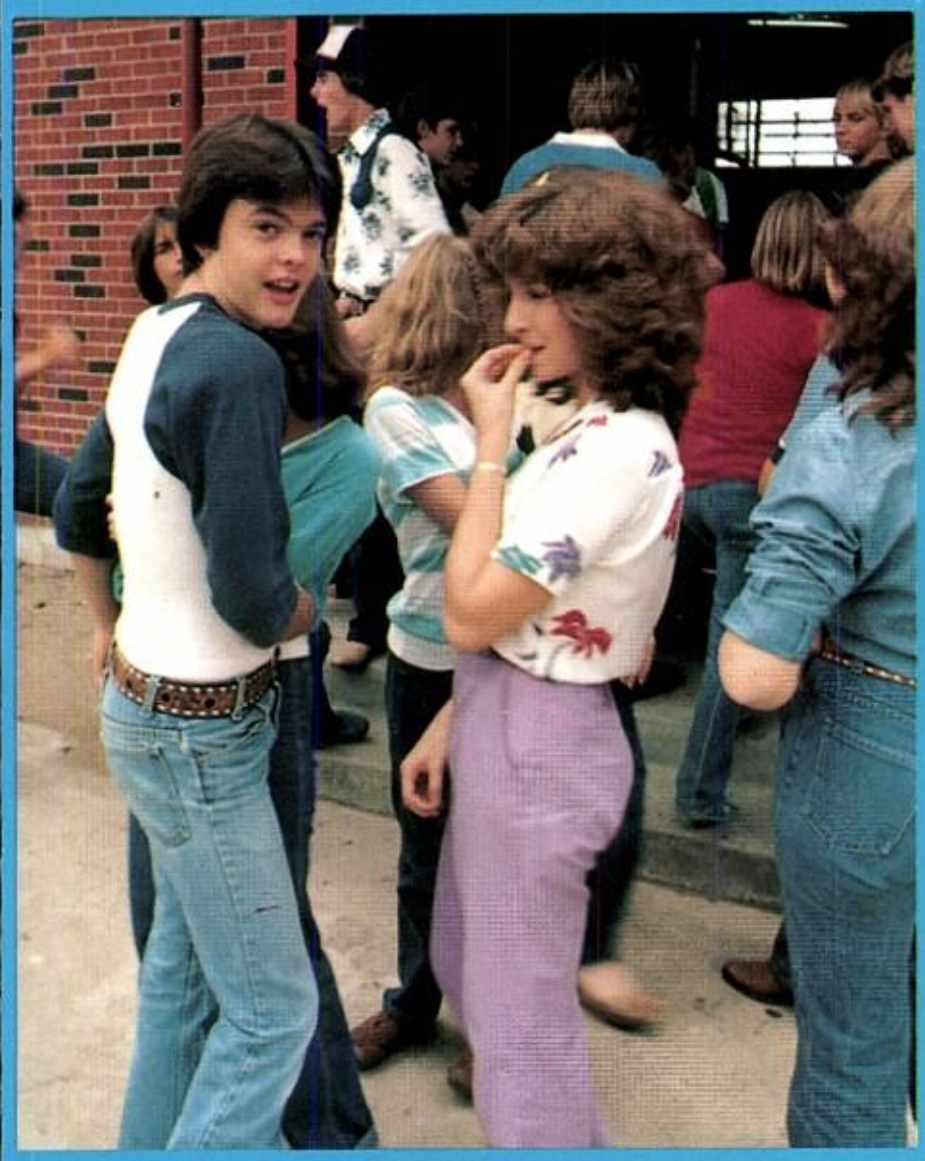
Would you believe he did that in front of Mr. Tidwell!

Sharon, I fail to see the humor in that.

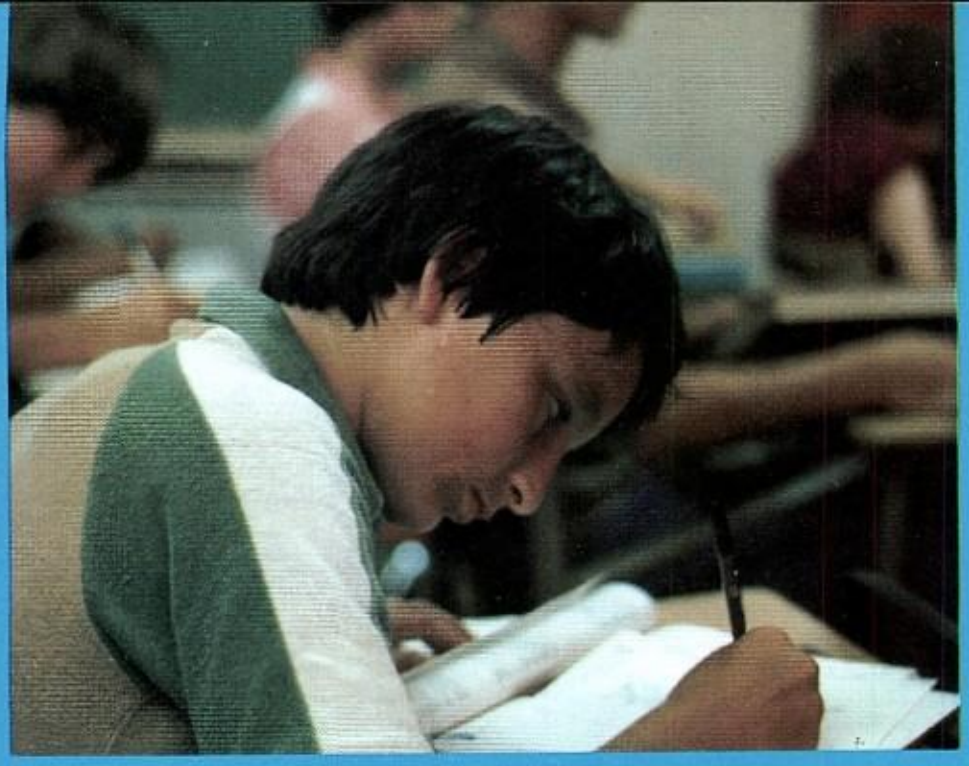


Now listen and listen good, you don't slap me around!!

Kenny, you're making me laugh!



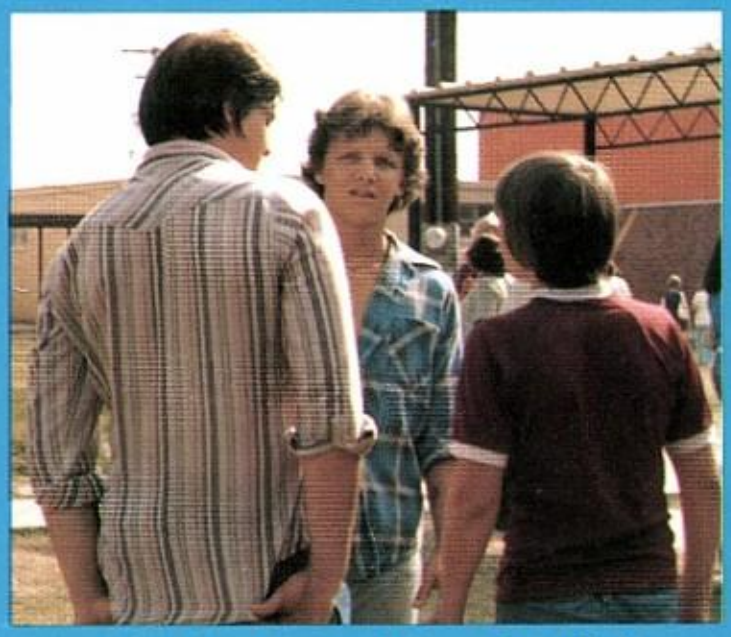
She's mine and you can't have her!



A guy can really work up a sweat doin't this stuff.

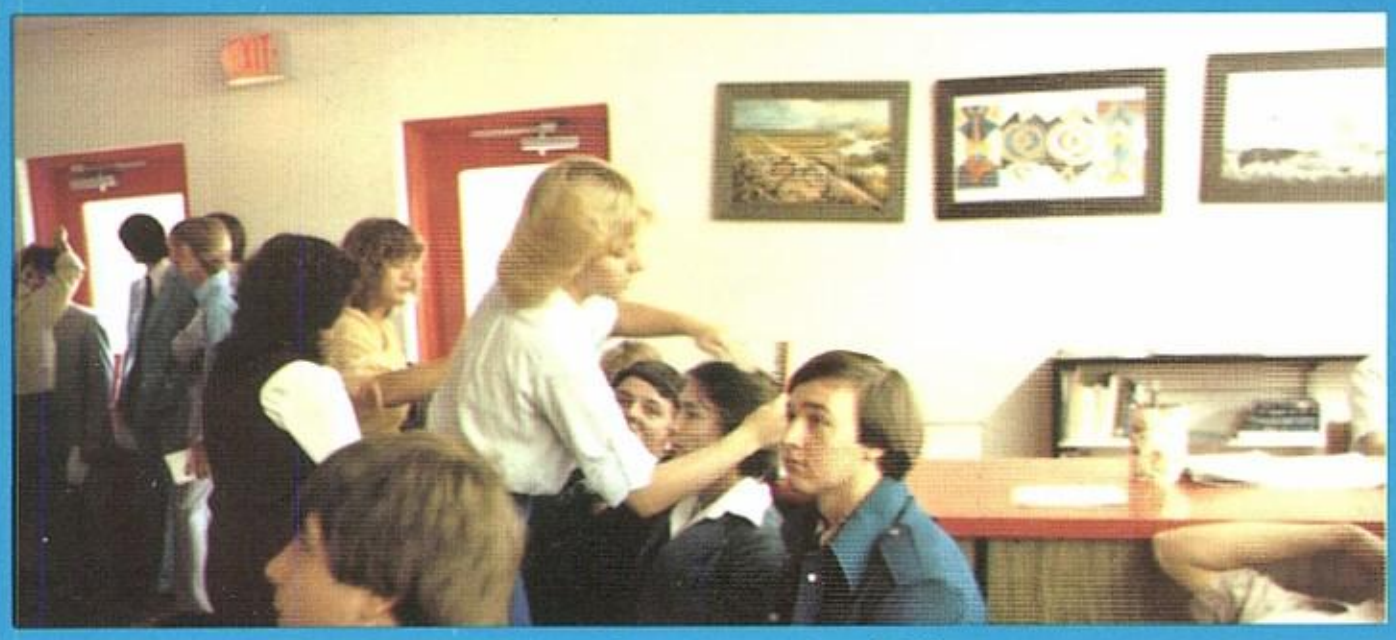
Why does he have to be holding HER hand!

Kathy, why is everyone leaving?

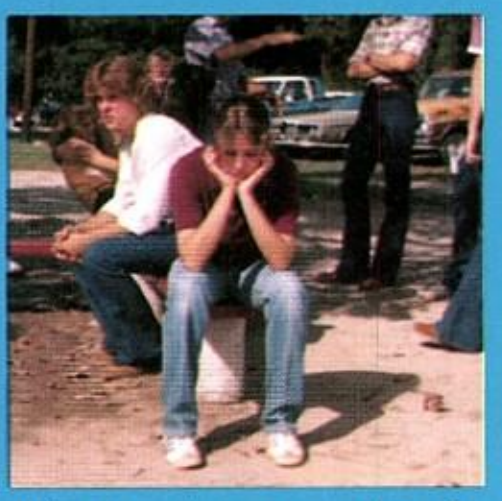


Would you look at the way she walks!

I know I'm cute, but would you please quit following me around.



"You guys better appreciate this!"



Being a senior can sometimes be too hard to handle!

"Self explanatory"

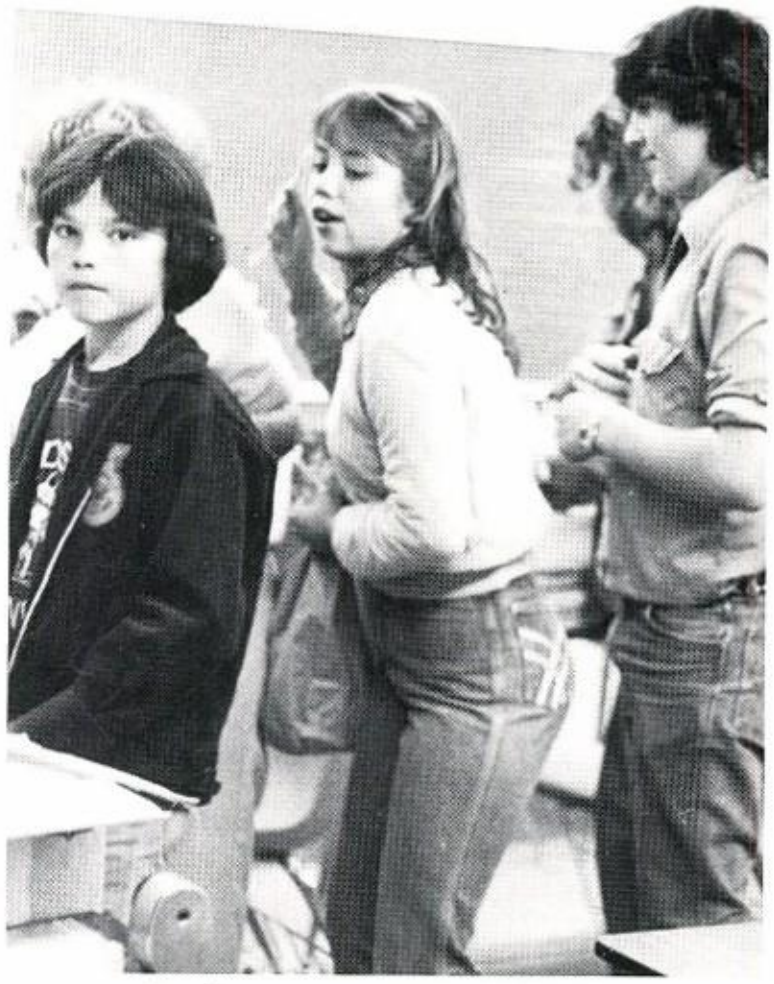
Stop that snickering, I haven't said anything funny.

The trouble is when I'm thinking, I look like I'm goofing off.

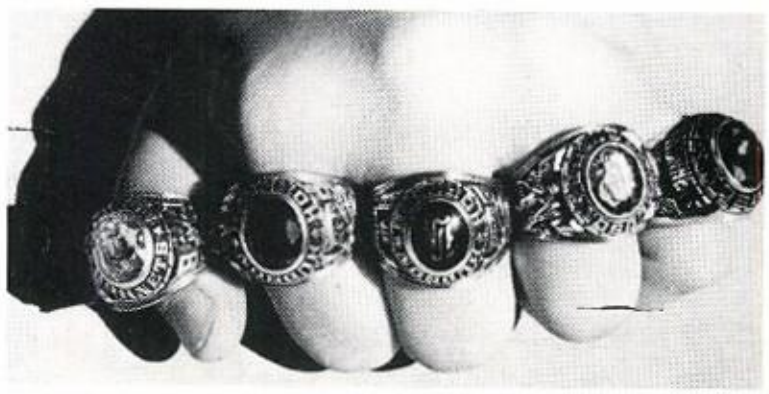
Just take my word for it. I'm not your type.

"DUH"

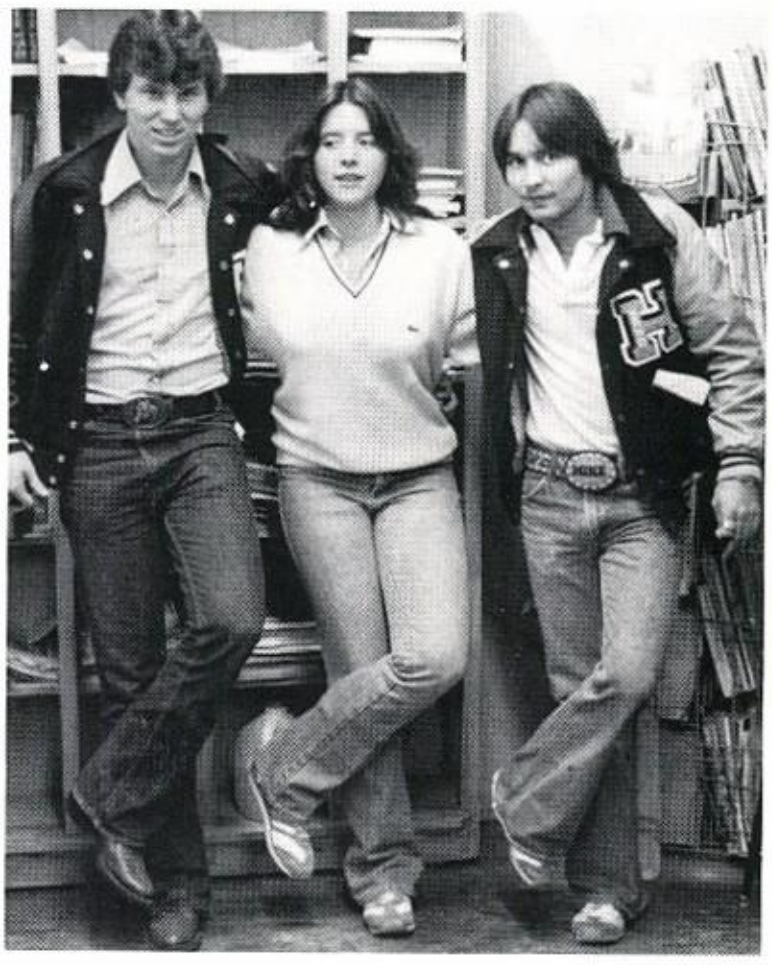
Don't look now Mrs. Thompson, but we're caught now.



Randi puts on a special of her own.



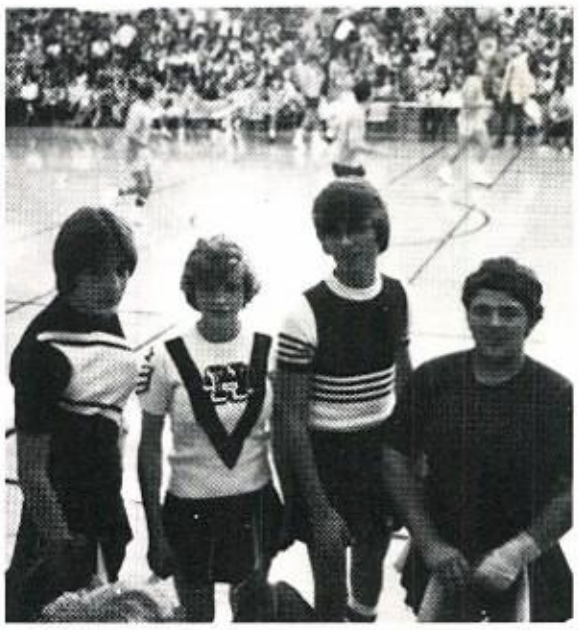
Some SENIOR boy's pride and joy.



It's funny how everyone has to go at once.

We wanted a Farrah Fawcett smile not enough room for a tooth examination.

Sheliea shows some happiness after a busy day.



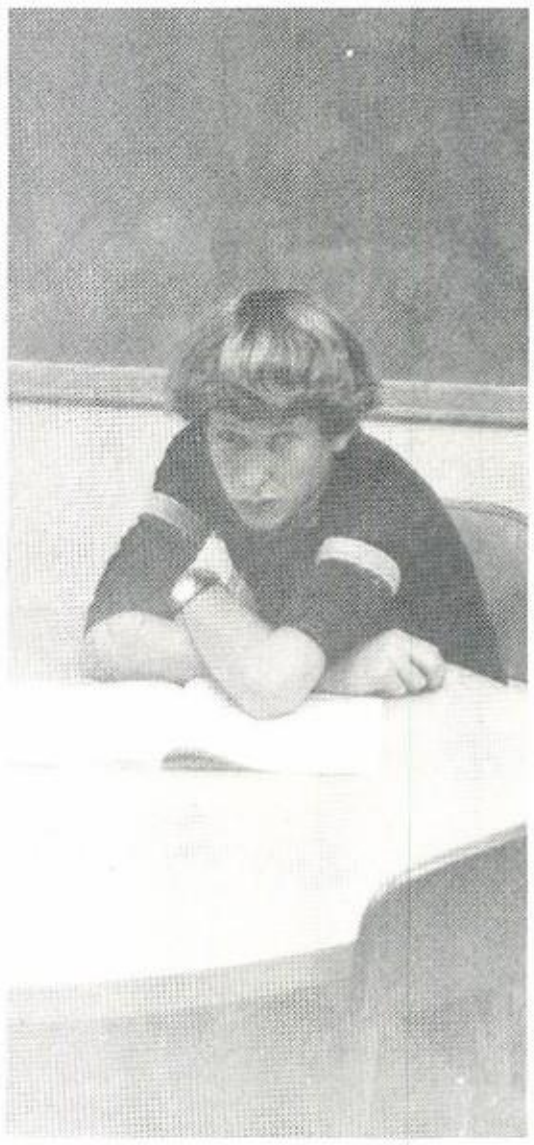
If you think your legs are better looking than ours, you've got to be crazy.

Does this remind you of anyone you know?

After we get through with this rat he'll be a dead duck.

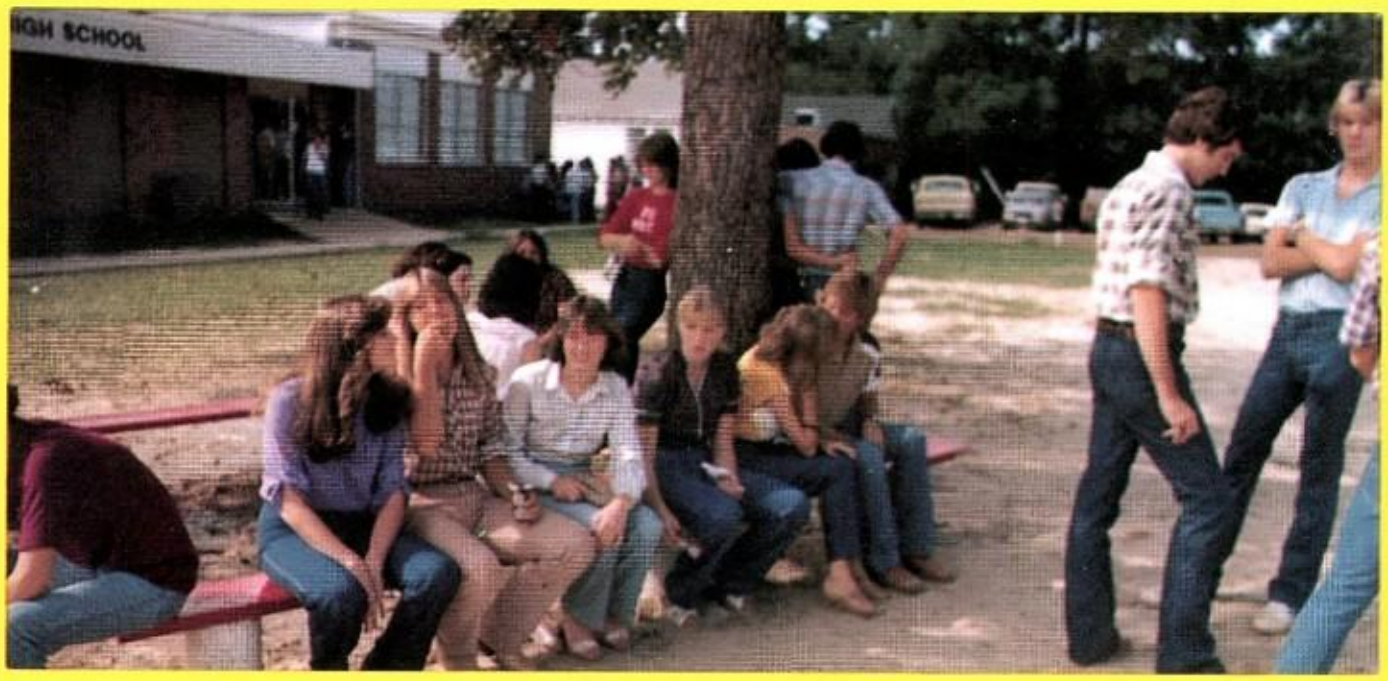
Did you see if they went that way or that way.

How can something that funny go to school here.



Let's face it, this is the pits.

The M&M Bandits strike again!

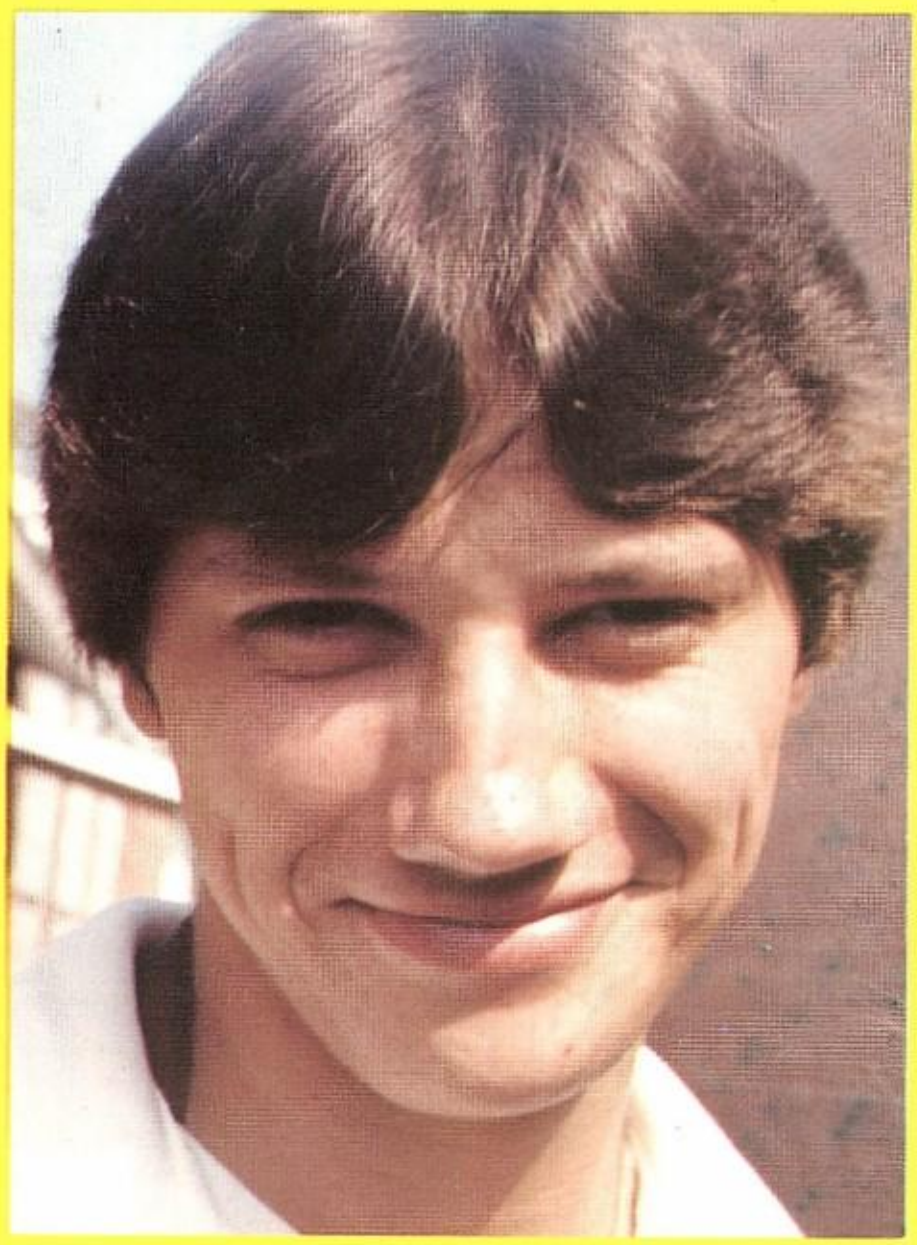


M&M's do odd things to Seniors!

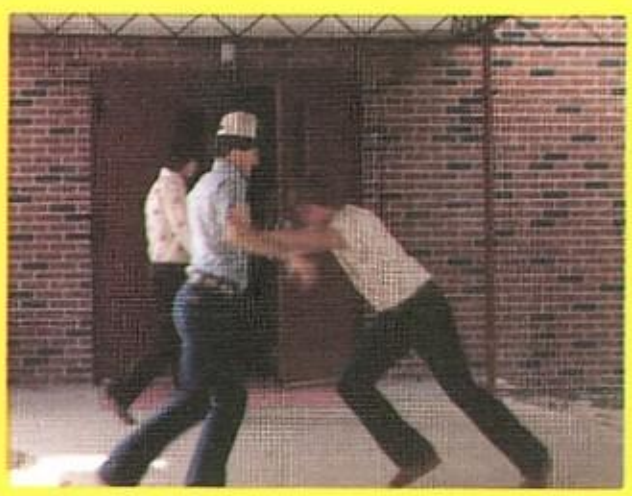
Hands of Bulldogs

"Becky, do you really know what you're doing?" asks Sharon Christi.

Just give me the dumb ball!



Just another pretty face!



I told you to get out of my way!

Don't ask me what I'm eating.

"I don't know what you've got in there, Steven, but it sure is good," says Joe Murphy.

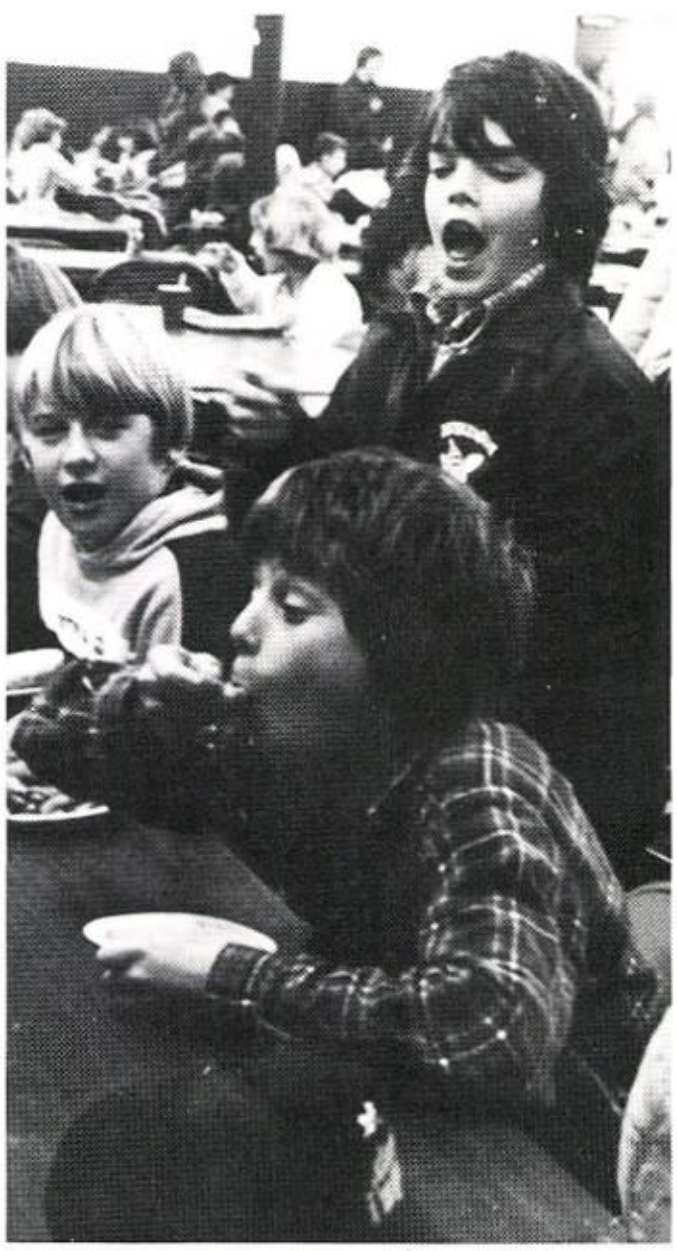
3½ inches, That's Incredible!

Who let these monkeys out of their cage?

This is NOT Joe Berry . . . at least I don't think it is.

We've got to do something about this ditch.

On your mark, get set . . . No, wait, his pencil's longer than mine!



Hey, give me a bite!

I fell out of my nest!

Acting crazy is contagious when you're on the elementary campus.

It's fun to share!

The HORNET '81 Staff gratefully dedicates this page to Mrs. Frances Peavy, who is retiring from teaching after 27 dedicated years at Hudson School.

Mrs. Peavy came to Hudson in 1954, teaching reading and science in Junior High for several years. In High School, she taught English, Civics, history, and sponsored Student Council for 15 years.

As an inspiration to her students, Mrs. Peavy helped to guide several seniors to career-making decisions in her Civics classes. She is highly respected, not only by her students, but also by everyone who has worked with her.

Mrs. Peavy has become a lasting part of Hudson and in her words, "Hudson School has been a part of my life and I've always felt that each child was, in a way, mine. It makes me feel good to drive down the highway and wave at all ages and know I taught them."

Thank you Mrs. Peavy
We'll miss you.

YAC is a youth advisory council designed to bridge the gap between the student body and the food service. Learning about good nutrition, planning menus, decorating the cafeteria and attending conferences are just a few of the many activities Yac's are involved in. This year Hudson Yac's have been busier than ever. With a campus wide membership of 110, the Yac's have completed many projects. They host a school wide Christmas party each year, decorate the cafeteria at holidays, help with the steak and baked potato Christmas dinner, and add ideas to the lunch menus.

This year held special excitement for the Yac's as they hosted the 1980 Southwest Regional Conference. The conference was held at Sky Ranch in Van, Texas. Over 200 Yac's and sponsors attended representing all six states in the Southwest Region. Yac's were involved in planning sessions and meetings. Everyone is looking forward to a great year with the Yac's.

Finally, the High School Talent Show was presented!

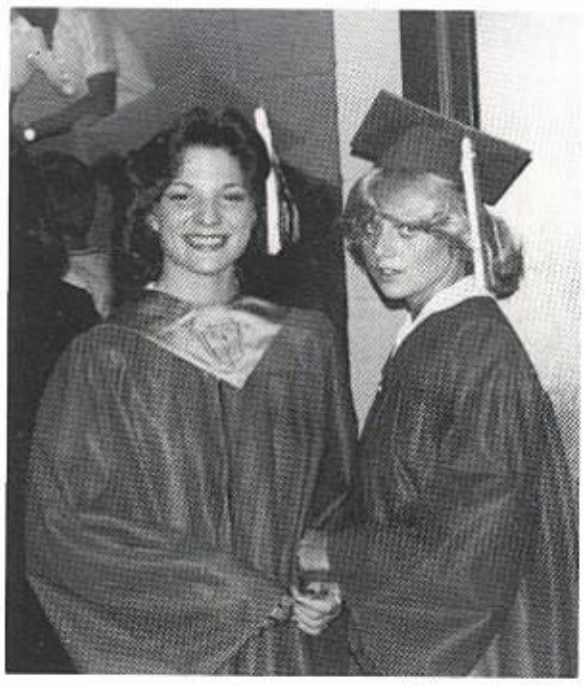
Senior Graduation

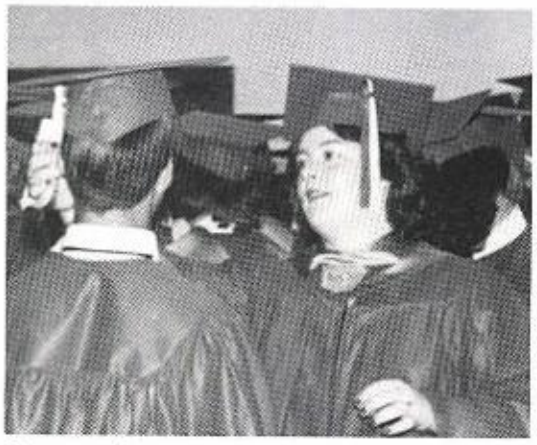


"What's she all smiles about? I'm scared to death!" exclaims Lyndi Clark.

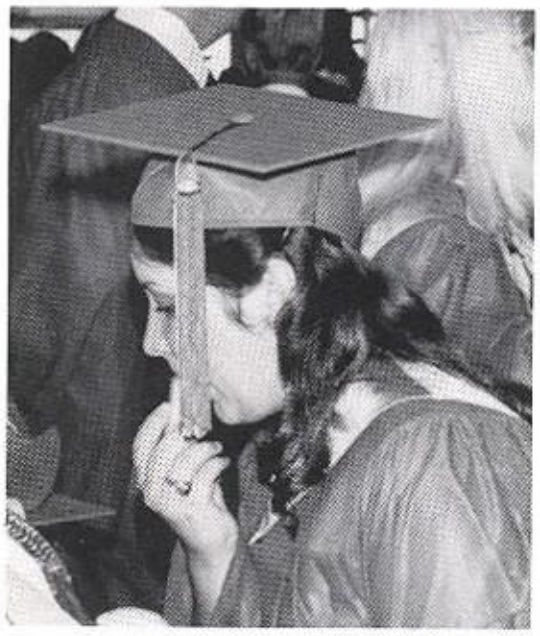
The Seniors line up and await the big moment.

"Keith, you'll have to do it without me. I refuse to hold your hand through the graduation."

"Now how am I suppose to put this thing on?" asks Marcus English.

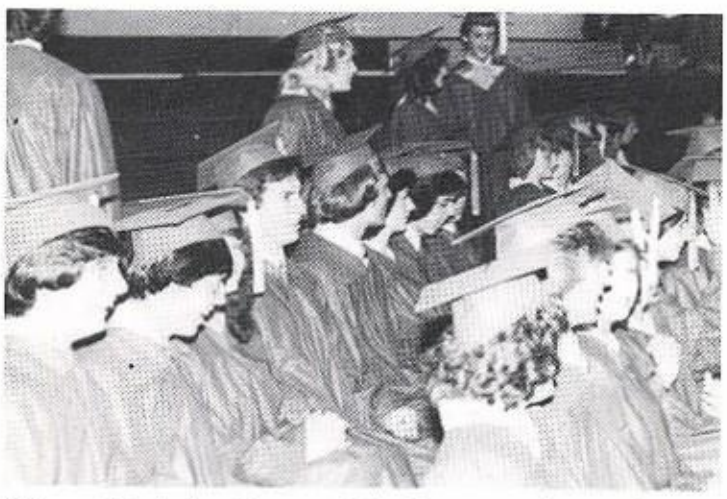


Renea Armstrong lends a helping hand.



Stacey Lackey makes some last minute touch-ups.

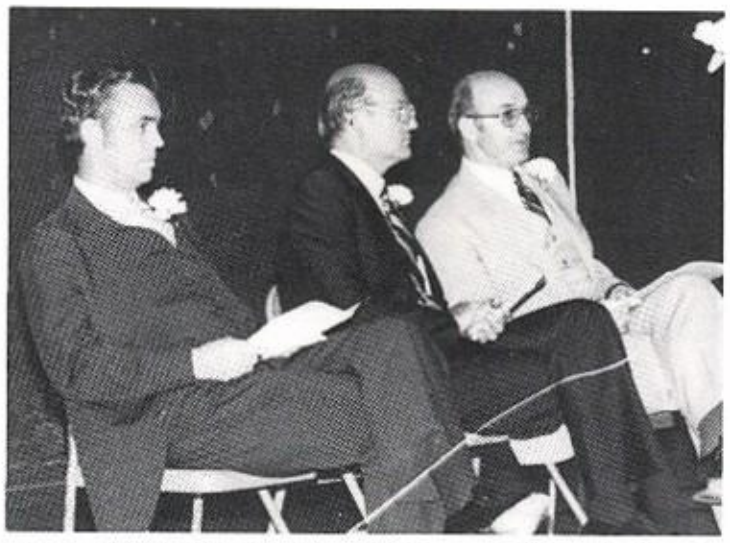
Twenty-two honor graduates were recognized.



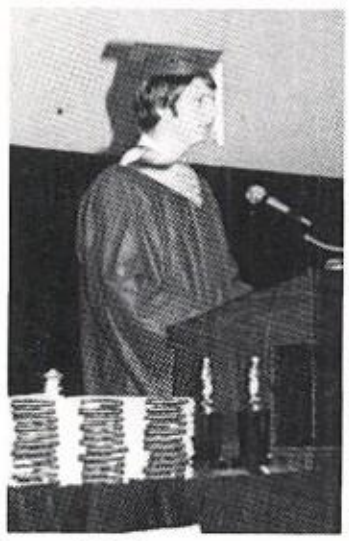
"Hey, this is fun!" says John Long as the graduates take their seats.

Randy Martin welcomes the crowd.

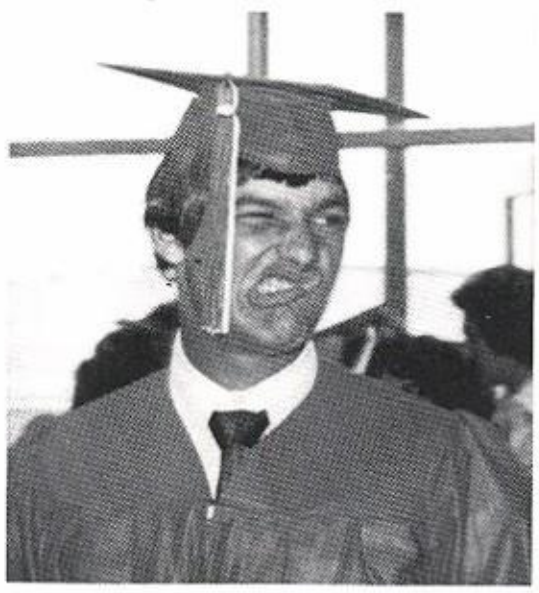
The first 1981 Hudson ex-students make their exit.



James Allen, Dr. William Petty, and Melvin Harrison watch as the graduates come in.



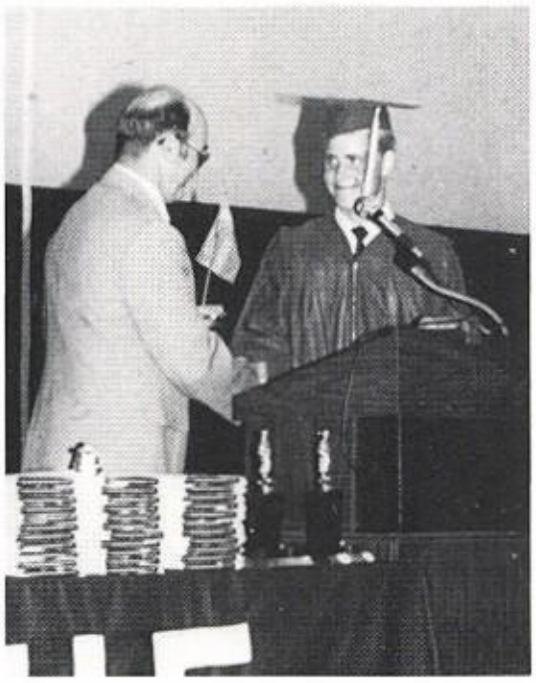
Valedictorian Becky Futch and Salutatorian Clifford Peavy presented speeches.



Joe, it's really not going to be that bad.

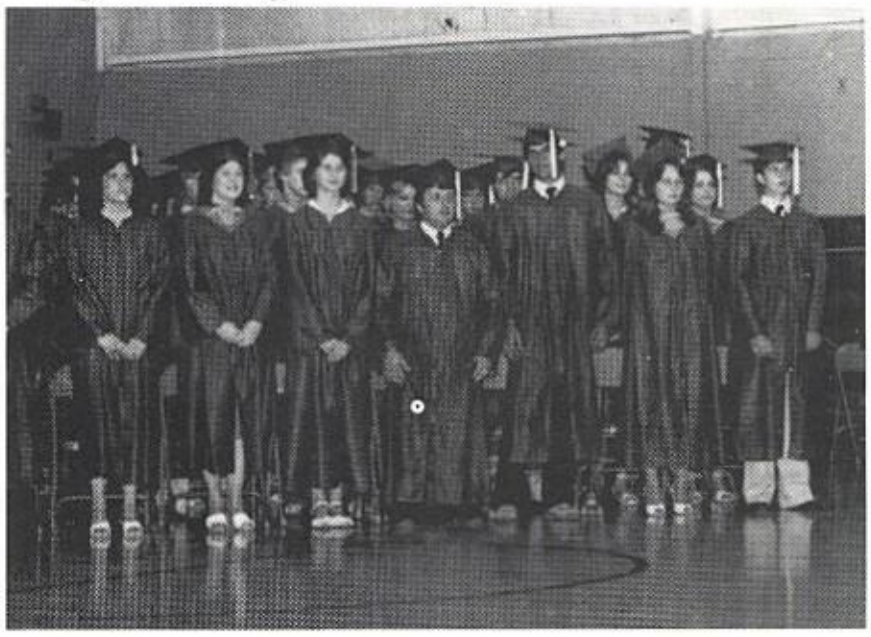
"You'll do just fine," consoles Mrs. Russell to Eddie Thompson.

an end . . . and a beginning



Lars Josephson, foreign exchange student, presents a flag to Mr. Harrison from his country.

Keith Burgay presented the invocation.



The graduates unite as they sing their class song.

"Now Greg, watch me and I'll show you how to tie a tie," says Lisa Richarson.

The staff is proud to see our editor, Sharron Pinckard, graduate.

"Hey, look. She's got her gown on backwards!" exclaims Jimmy Foster.

. . . and the graduates came two by two.

"We're through! Now let's leave!"

"Are you sure it's on straight?" asks Shanna Horton.

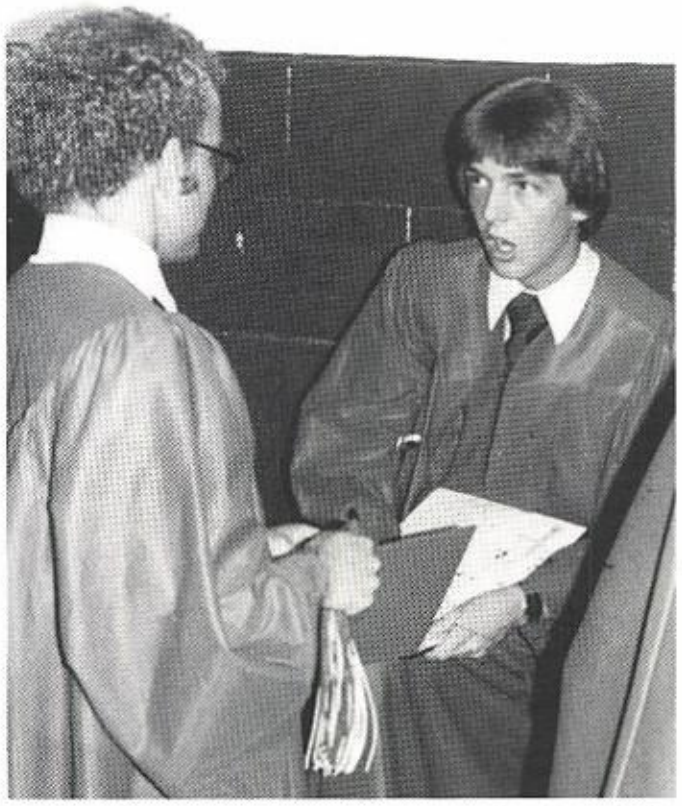
"Becky, you didn't forget your speech, did you?" asks Brad Karber.

The graduates stand proudly.

"Smile, Sherry, you're on candid camera!"

"Somebody HELP!!"

Ann's big smile will tell you that she's about to graduate.



"What do you mean we've got to do the whole thing over?!" asks' Ronnie Johnson.

You can help.

You've heard a lot about the need to conserve electricity and all forms of energy. Not only does conservation help save our nation's precious energy resources, it helps you and your family save money since the cost of energy is a big chunk out of most families' budgets. You can help your family by doing your part ... make sure you close doors and windows when the heating or air conditioning unit is on; don't "graze" when you raid the refrigerator — know what you want before you open the door; hot water takes energy — try a shorter shower; and make sure the television or stereo is off when you're through with it. Work with your family to save energy now ... you'll help make sure there will be enough for everyone when you start a family of your own.

As we work on today's problems by constantly improving our pollution control systems, cutting our own energy use by 336,000 cubic feet of gas per day, and investing in production machines to meet the world's increasing demand for LUFKIN energy-producing equipment, we realize that answers for tomorrow's problems will come from today's students. That's why we support East Texas schools and deserving students with grants, scholarships and employment opportunities for business/vocational students. Ours is a two-fold commitment to continue to serve East Texas as a *"good citizen"* both today and tomorrow.

FIGHT SONG

We are the Hornets, Fighting Hudson Hornets.

No. 1 we're gonna be tonight.

When you see us coming, we'll be wearing

Colors of maroon and white.

And when the sun comes up there'll be a victory.

HHS will always be on top.

So get up and shout, that's what it's all about,

Hornets' gonna win tonight!

SCHOOL SONG

Hudson's the team
That's really on the beam.
We'll stick together
To try to win this game.
We'll fight for pride,
for honor and for fame.
We'll win or lose
We'll always be the same.
